District Liaisons – Purpose

The District Liaisons helps ensure the Agency can deliver upon its vision of transparency for the public we serve by:

- Engaging with community members within San Francisco's 11 supervisorial districts.
- Uncovering transportation related issues and relaying this information back to internal staff and partnering city departments.
- Identifying new neighborhood and merchant groups.
- Understanding how the neighborhood is developing and how that will impact the transportation system.

District Liaison Lead support

The DL Lead is expected to:

- Provide support by demonstrating how to successfully build relationships.
- Extend knowledge to District Liaisons about navigating through the Agency and city family.
- Facilitate expectations within the Agency.

What's Next

- Continue to reach out to community members to strengthen relationships.
- Meet with city departments to discuss partnering opportunities.
- Strengthen systems to better track stakeholder correspondence and ensure contact information is current.
