

Feedback Requested: Proposed Bike Share Station

About the Proposed Location

West side of 38th Ave, South of Balboa Ave

- The Proposed Sidewalk Bikeshare Station would have docks for 18 bikes; no parking spaces would be converted
- Points of Interests are the Balboa St commercial corridor, Cabrillo Playground, and Golden Gate Park
- 36th Ave and Cabrillo St are designated bicycle routes
- Fulfills the First & Last Mile Gap using MUNI Lines 5/5R, 18 & 31/31AX

Please email us at community@baywheels.com with your address and thoughts about the proposed station.

About Bay Wheels

Lyft is the owner of the Bay Wheels program. Bay Wheels is the Bay Area's largest bike share program, with stations across San Francisco, Berkeley, Oakland, Emeryville, and San Jose. Bike share is a fun, affordable way to get around. Bikes can be unlocked from one station and returned to any station in the network. Anyone over 18 can sign up and unlock a bike via the Lyft or Bay Wheels mobile app, the station kiosk, or a linked Clipper card.

Neighbors and community members recommend station locations online and at public meetings, workshops, and presentations. Our planning team also considers a variety of other factors, including station density, demand, access to bike lanes, sunlight, utilities, and more. If you have feedback or questions, send us an email at community@baywheels.com.
