The L Taraval Improvement Project is a multi-agency collaboration to improve safety, accessibility, and transit reliability, and to rehabilitate aging rails, utility lines and roadway pavement along the L Taraval line between Sunset Boulevard and 15<sup>th</sup> Avenue and on Ulloa Street near West Portal.

The most disruptive work to replace sewer, water, rail lines, streetbase and repaving has been completed. [Curve track replacement work at 46th Avenue](#) has been completed. The remaining work includes testing trains along the new trackway, finishing installing boarding islands, landscaping, trees and artwork.

Work to replace the Overhead Contact System (OCS) that powers the trains is complete. Workers are preparing the area for re-energizing overhead lines, ground conduits and infrastructure to accommodate testing of the trains. Mock train testing for OCS adjustments has started. People who are driving or working in the area are advised to stay alert as we initiate preliminary train testing.
