

THIS PRINT COVERS CALENDAR ITEM NO. : 10.4

**SAN FRANCISCO
MUNICIPAL TRANSPORTATION AGENCY**

DIVISION: Administration

BRIEF DESCRIPTION:

Requesting authorization for the Director of Transportation to issue a Request for Proposals (RFP) for vendor managed inventory services (VMI) to provide rail parts and supplies, and to negotiate a contract with the highest-ranked proposer for an initial pilot contract term of two years, with an option to extend for up to three additional years at the Director of Transportation's sole discretion.

SUMMARY:

- SFMTA currently purchases parts and supplies through a competitive process for every item requested by the Transit Division.
- For the Rail Division, during one month an average of 516 materials requests are received, 403 materials requests are processed; an average of 140 purchase orders are issued, and an average of 420 invoices are paid.
- The successful proposer will provide SFMTA parts on a cost-effective and efficient basis, providing inventory planning and automated replenishment of spare parts, with strict performance guidelines requiring defined response times and fill rates. The purpose of seeking these VMI services is to allow SFMTA to meet its objectives in terms of reliability (i.e., increased mean distance between failures, fewer service interruptions).
- The vendor will be required to deliver high demand/critical parts from its inventory balances to SFMTA-designated locations within 24 hours.
- The vendor will be required to maintain an in-stock balance of high demand/critical parts equal to two months of the annual projected demand.
- The initial pilot contract term is two years, with an option for up to three additional years, at a budgeted cost of \$6.4M annually from Operating budget funds, for a total cost of \$32M.

ENCLOSURES:

1. SFMTAB Resolution
2. Request for Proposal for Vendor Managed Inventory (VMI) Services

ASSIGNED SFMTAB CALENDAR DATE: June 5, 2012

PAGE 2

PURPOSE

The purpose of this calendar item is for the SFMTA Board to authorize the Director of Transportation to issue a Request for Proposals for a two-year pilot project for vendor managed inventory services (VMI) for rail parts and supplies and to conduct negotiations with the highest-ranked proposer.

GOAL

This RFP for the VMI pilot program would assist in meeting or furthering the following goals of the SFMTA Strategic Plan:

Goal 3: External Affairs/Community Relations: To improve the customer experience, communities values, and enhance the image of the SFMTA, as well as ensure SFMTA is a leader in the industry.

Objective 3.1 - Improve economic vitality by growing relationships with businesses, community, and stakeholder groups

Goal 4: Financial Capacity: to ensure financial stability and effective resource utilization.

Objective 4.2 – Ensure efficient and effective use of resources.

DESCRIPTION

The SFMTA currently purchases parts and supplies for all SFMTA divisions, including the Transit Division, by issuing competitive bids for every item requested. Both purchasing and payable functions are performed by the City's Office of Contract Administration (OCA) and SFMTA staff; and these current resources are stretched beyond capacity. The work has been challenging and often complicated due to the large volume of requests for frequently needed parts and supplies, and difficulty identifying timely sources for certain parts in an aging fleet. For the Rail Division, during one month an average of 516 materials requests are received, 403 materials requests are processed, an average of 140 purchase orders are issued, and an average of 420 invoices are paid.

This pilot is an initiative that will allow the SFMTA to create a unique supply chain team, benefitting from core competency advantages of a VMI vendor. An example of such a model is the Office Depot contract executed by OCA for office supplies. A benefit of this model is the ability of the supply chain team to quickly bring proven solutions and provide rapid benefit for the Transit Services Division, and ultimately, to Muni riders.

Staff believes this program will enhance the reliability of the Rail fleet because this will streamline parts acquisition and inventory management processes. This program will enhance opportunities for an uninterrupted supply chain which in turn, will improve service and vehicle reliability.

PAGE 3

During this pilot program staff currently purchasing materials and supplies for the Rail Division would be assigned purchasing duties for other SFMTA Divisions. Storeroom staff would continue to operate in their current capacity.

The Scope of Services

The proposed scope of services will include:

- **Program Goals:** Provision of parts on a cost-effective and efficient basis, incorporating best practices in providing inventory planning and automated replenishment of spare parts, with strict performance guidelines defined for response times and fill rates. Ensuring continuous supply of parts will allow SFMTA to meet its goals and objectives related to fleet reliability—increased mean distance between failures (MDBF) and fewer service interruptions.
- **Jointly Managed Inventory Support:** Use of state-of-the-art inventory management system to support jointly managed inventory. Working in collaboration with Materials Management, Maintenance, and Fleet Engineering, the vendor will provide analyses of material usage and recommendations for alternative sourcing of parts, incorporating reliability engineering. The vendor will also analyze data generated by any automatic monitoring systems installed in the vehicles, as related to parts needs. Finally, the vendor will be required to maintain inventory balances of parts in a solely owned warehouse within nearby Bay Area counties and must maintain an in-stock balance of high-usage parts identified by SFMTA equal to two months of the annual projected demand.
- **End of Contract Disposition of Materials:** SFMTA assumes no responsibility to purchase parts acquired by the vendor under the contract, except for specialized parts such as kits and/or custom manufactured items. These items will be purchased at the agreed-upon unit price and at a quantity not to exceed a three-month supply.
- **Performance Indicators:** The performance standard for parts delivered under this contract is an overall 98 percent fill rate, and for critical and high demand parts fulfillment, within 24 hours. These terms are subject to liquidated damages of \$1,000 per day, as well as SFMTA procuring the necessary part from another source to meet operational needs.
- **Materials Management Inventory System:** The vendor will be required to work closely with SFMTA to develop an appropriate interface with its VMI system to ensure all required information can be exchanged.

PAGE 4

- **Maintenance Engineering Support:** The vendor will review parts usage and provide technical recommendations and solutions to help SFMTA secure needed parts to enhance fleet reliability and operations, assist SFMTA Fleet Engineering in analysis of repetitive part or equipment failures, and provide alternatives for review to allow for streamlining of maintenance costs and access to needed parts. As part of the collaborative work with Fleet Engineering, vendor will report any safety hazards noted in the course of assessing parts needs.
- **Technology Support:** To the extent that SFMTA utilizes an automated internal vehicle monitoring system, the vendor will work collaboratively with Maintenance, Fleet Engineering, and Materials Management in the provision of technological support, providing pertinent analysis and data interpretation as related to parts needs.
- **Billing:** Currently, SFMTA processes 420 invoices for Rail division alone. The vendor will be required to bill SFMTA electronically on a consolidated monthly basis in order to minimize administrative expenses. The vendor will be required to maintain procurement and inventory records for supporting documentation.

Estimated RFP Timeline

RFP Event	Estimated Date
RFP Issuance	June 06, 2012
Pre-Proposal Conference	June 20, 2012
Written Questions Due	June 27, 2012
Proposal Due	July 23, 2012
Oral Interview	August 23, 2012
Contract Negotiation	September 21, 2012
SFMTA Board Approval of Contract	October 16, 2012
Full Board of Supervisors Approval	November 13, 2012
Contract Commencement	November 28, 2012

LBE Participation Subcontracting Goal

The LBE sub-consulting goal for this contract is 17 percent of the total labor value of the services to be provided.

ALTERNATIVES CONSIDERED

Staff considered providing additional staff to process more parts requests. This is not a totally viable option as the root cause of the parts problem is difficulty locating parts that are often obsolete and no longer produced; that have foreign sources not available to SFMTA; or that have long delivery lead times, sometimes 18 to 24 months. Additionally, smaller vendors often find purchasing requirements complex and overwhelming, and on occasion do not provide timely responses to SFMTA requests for bids.

If this were to be done, internally, a significant investment in technology and training would be required and the savings associated may not be realized for several years.

FUNDING IMPACT

The source of funding for this initiative is the materials and supplies budget for the Rail Division. The current fiscal year budget for materials and supplies is \$6.4M. For a five year contract (the two year pilot and the three additional years), the budget would be \$32M however it is anticipated that the actual costs will be less due to vendor efficiencies and economies of scale.

OTHER APPROVALS RECEIVED OR STILL REQUIRED

The SFMTA's request for approval to issue a contract for vendor managed inventory (VMI) services for a two- year pilot program with three additional one-year options was heard and approved by the Civil Service Commission at its May 7, 2012 meeting. The San Francisco Board of Supervisors must approve the final contract.

The City Attorney has reviewed this report.

RECOMMENDATION

SFMTA staff recommends that the San Francisco Municipal Transportation Agency Board of Directors authorize the Director of Transportation to issue a Request for Proposals for vendor managed inventory services for rail parts and supplies and to conduct contract negotiations with the highest-ranked proposer.

SAN FRANCISCO
MUNICIPAL TRANSPORTATION AGENCY
BOARD OF DIRECTORS

RESOLUTION No. _____

WHEREAS, The SFMTA purchases parts and supplies through a competitive process for every item requested by the Transit Division; and

WHEREAS, Purchasing and accounts payable functions are performed in-house by the Office of Contract Administration (OCA) through a work order and by SFMTA staff; and

WHEREAS, This work has been challenging and often complicated due to the large volume of frequently needed parts and supplies, and difficulty identifying timely sources for certain parts in an aging fleet; and

WHEREAS, In order to maximize the ability to secure parts on a cost-effective and efficient basis, and improve reliability (i.e. increased mean distance between failures and fewer service interruptions), the SFMTA wishes to issue a Request for Proposals for vendor managed inventory (VMI) services for rail parts and supplies for a pilot contract term of two years with an option to extend for up to three additional years;

WHEREAS, An approval to contract out VMI services for a two-year pilot program with three additional one-year options has been obtained from the Civil Service Commission at its May 7, 2012 meeting; now, therefore, be it

RESOLVED, That the San Francisco Municipal Transportation Agency Board of Directors authorizes the Director of Transportation to issue a Request for Proposals for vendor managed inventory services for rail parts and supplies, and to negotiate a contract with the highest-ranked proposer for an initial pilot contract term of two years, with an option to extend for up to three additional years at the Director of Transportation's sole discretion.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of June 5, 2012.

Secretary to the Board of Directors

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

I. INTRODUCTION AND SCHEDULE

A. General Information

The San Francisco Municipal Transportation Agency (SFMTA) is soliciting responses to the Request for Proposals (RFP) for a two-year pilot program for Vendor Managed Inventory (VMI) Services to manage and supply parts for its Rail Fleet maintenance program. If the pilot program is successful, SFMTA reserves the right to exercise the three one-year option periods to this contract.

SFMTA manages a comprehensive, integrated transit system that consists of the following major components: a biodiesel fleet (Neoplan, Gillig), Orion hybrid electric fleet, ETI electric trolley fleet, Ansaldo Breda light rail vehicles (LRVs), cable cars, and historic streetcars. Revenue service runs 365 days a year and provides access to major businesses, shopping, entertainment and cultural centers, in addition to hospitals and schools. In addition, the SFMTA regulates taxi services, and operates, through a broker, paratransit services.

The Rail Fleet consists of 151 Breda LRVs, 39 historic streetcars, and 31 cable cars. Four materials storerooms are operated in support of the Rail Fleet—Green, Muni Metro East (MME), Geneva, and Cable Car-- and the needs of these storerooms are to be included in this pilot program.

The following documents are provided as a resource for reference in completion of the proposal.

- Attachment A-1: Unit Price Schedule- LRV, Cable Car
- Attachment A-2: Unit Price Schedule-PCC, Historic, Milan
- Attachment B: Rail Fleet – Quantity, Age, Mileage, MDBF

Attachment C: Rail Division Inventory by Storeroom

Attachment D: Inventory—Stock Purchased vs. Used

Appendix C: Sample Agreement for Professional Services (Form P-500)

These Attachments are for reference and include statistical data to facilitate understanding and scope of current operations. Please note that this information is dynamic and may change without notice.

B. Schedule

The anticipated schedule for selecting a consultant is:

<u>Phase</u>	<u>Date</u>
RFP is issued by the City	June 06, 2012

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

Pre-proposal conference	June 20, 2012
Deadline for submission of written questions or requests for clarification	June 27, 2012
Proposals due	July 23, 2012
Oral interview/presentation by short listed firms	August 23, 2012
Contract Negotiations	September 21, 2012
SFMTA Board meeting Approval	October 16, 2012
Board of Supervisors Approval	November 13, 2012
Contract Starts	November 28, 2012

II. DEFINITIONS

For the purposes of this RFP, the following definitions apply:

City: City and County of San Francisco

Consignment Inventory Services (CI): Transfer of inventory from the manufacturer to the customer's facility at no charge until the goods are installed or used.

Just-In-Time Inventory Services (JIT): Delivery of inventory needed at a pre-determined point and time in conjunction with the maintenance schedule.

MDBF: Mean distance between failures

MM: Materials Management Department

OEM: Original equipment manufacturer

Rail Fleet: 151 Breda LRVs, 39 historic streetcars, and 31 cable cars

SFMTA: San Francisco Municipal Transportation Agency

SHOPS: Shop History and Online Parts System provides inventory management. The current version, 4.3.0.9 GA, is supported by Infor (previously Spear Technologies 4i). SHOPS provides the ability to track all inventory transactions and monitors stocking levels to automatically create replenishment requests whenever pre-determined established parameters (min/max levels) are met.

San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services

Vendor Managed Inventory (VMI) Services: Management of parts inventory, stocking, engineering support, technological support for Rail fleet parts; or combination of parts for one or more specific systems (e.g. Doors, Steps, Propulsion, Brakes, HVAC, Electrical, Couplers, Suspension, Trucks, Pantograph).

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

III. SCOPE OF WORK

Rail Parts Vendor Management Inventory Services

A. Program Goals and Objectives

SFMTA has developed the following goals for management of parts for the Rail Fleet:

- Provide SFMTA parts on a cost-effective and efficient basis, providing inventory planning and automated replenishment of spare parts, with strict performance guidelines requiring defined response times and fill rates;
- Ensure parts provided allow SFMTA to meet its objectives in terms of reliability (i.e., MDBF, service interruptions);
- Ensure SFMTA safety standards are met in any program activity

The successful firm is expected to tailor a VMI solution with specific objectives that will meet these goals. In addition to meeting the goals listed above, the successful firm is expected to partner with SFMTA to provide the following services to enhance the materials management function:

- Jointly managed inventory services facilitated through a state-of-the-art inventory management system;
- Maintenance engineering support, working collaboratively with SFMTA's Maintenance, Engineering, and Materials Management Divisions to analyze material usage and provide recommendations through reliability engineering;
- Technological support by providing analysis of data generated by any automatic monitoring systems installed in the vehicles.

B. Jointly Managed Inventory Support

The successful bidder will provide all new OEM vehicle parts or an **Approved Equal** that complies with OEM requirements or specifications, and will not compromise any OEM warranties on any components in vehicles in the Rail Fleet, for the contract period of performance as per the schedule of parts in the attached Unit Pricing Schedule. Items not currently identified as approved equals by SFMTA Engineering must be qualified and tested by SFMTA Engineering; such testing will not be expedited for the purpose of this RFP. SFMTA reserves the right to increase or decrease the Parts List (Unit Price Schedule) at any time during the contract period of performance. When additional parts or quantities are added to the list, the successful bidder will have an opportunity to price the addition to the list at which time a modification will be issued increasing the contract price. Removal of parts or a decrease in quantities from the list will decrease the contract price and will also be memorialized by a modification.

The successful bidder will be required to maintain inventory balances of the parts provided under

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

the VMI at a LOCAL central storeroom (i.e., separate from SFMTA storerooms and not located on SFMTA property, but located within nearby counties in the Bay Area — San Francisco, Alameda, Contra Costa, San Mateo, Solano, Marin). Inventory will be the property of the successful bidder until it is issued to and received by the designated SFMTA storeroom. The SFMTA reserves the right to conduct on-site visits of the successful bidder's warehouse facilities for approval and verification of the inventoried parts.

In addition to inventory maintained by the successful vendor in its local central storeroom, the vendor will be required to maintain an in-stock balance of high usage parts identified by the SFMTA, equal to 1/6 (2 months) of the annual projected demand, to support readily available parts demands. The successful vendor will issue parts from its inventory balances at its local storeroom to SFMTA storerooms when required by SFMTA to service a vehicle. SFMTA will notify the vendor of parts required daily or on an as-needed basis, and the vendor will be required to deliver these requested parts from its inventory balances to SFMTA designated locations within a 24-hour period from issuance of the notice from SFMTA. There will be liquidated damages in the amount of \$1,000 a day for failure to deliver the parts on a timely basis.

C. Material Labels

Minimum label requirements for all parts (examples must be provided as part of bid package):

- 1) OEM part number
- 2) SFMTA part number
- 3) PO number
- 4) Date shipped

Label Requirements for Kits:

- 1) Kits will be labeled as above
- 2) The bill of materials (packing slip) and specific vehicle(s) for installation should be listed and attached with the packaged kit
- 3) Individual kit components should be stamped or tagged with the appropriate manufacturer's identification (e.g. serial number) that will ensure component traceability throughout the component's useful life
- 4) The vendor may not substitute components that have not been tested and approved by SFMTA Engineering
- 5) Components will be routinely inspected for compliance to the required specifications. Manufacturers or suppliers are required to document any changes in items included in the kits (e.g., price, availability, quality, function, etc.).

D. Material Returns

The vendor will accept returns of sealed and/or unopened materials in their original packaging for full credit to SFMTA. For items found to be defective or otherwise do not match SFMTA's requirement, the vendor shall accept all returns from SFMTA.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

E. End of Contract Disposition of Materials

At the conclusion of this contract, SFMTA assumes no responsibility to purchase parts acquired by the vendor under this contract except as follows: SFMTA will purchase parts held by the vendor for this contract that are specialized for SFMTA (including kits and/or custom manufactured items) at the agreed upon unit price at a quantity that does not exceed a three-month supply.

F. Performance Indicators

The performance standard for parts delivered under this contract is an overall 98 percent fill-rate, and for critical and high demand parts fulfillment, within 24 hours. Failure by the successful vendor to maintain this standard of performance may result in imposition of \$1,000 per day in liquidated damages, as well as the SFMTA procuring parts from another source to meet operational needs. Upon award of a contract, the successful vendor and SFMTA will work together to establish additional Key Performance Indicators (KPIs) to measure minimum objectives: fill/stock-out rates and vendor performance and reporting requirements.

G. Materials Management Inventory System

SFMTA uses SHOPS as the maintenance materials management system. While direct access to this system may not be possible at the onset of this contract, a data file will be provided to allow for the review of inventory items, usage history, stock objectives, and reorder points in order to improve material availability. Read-only access may be available to vendor personnel positioned on-site at SFMTA. It is anticipated that the vendor will work closely with SFMTA in a mutually beneficial partnership to ensure maximum availability of parts to meet recurring demand.

To allow for seamless ordering and transfer of material to SFMTA with minimal human involvement or intervention, it is expected that the successful bidder will work with SFMTA to develop an appropriate interface to ensure that all information required can be exchanged between and obtained from both parties' materials management systems as required.

H. Maintenance Engineering Support

The successful vendor will also provide maintenance engineering services to help achieve its long term objectives regarding cost-effectiveness and reliability. The vendor shall review parts usage and provide technical recommendations and solutions will be provided to help reduce SFMTA's long-term costs and/or improve the operational capability of SFMTA's Rail Fleet. The successful vendor will also assist in analyzing repetitive part/equipment failures, providing alternatives for review to allow for streamlining of maintenance costs, assist in assessing the needs for parts and equipment replacement and establishing replacement programs, may assist in the assessment of required maintenance tools for the efficient maintenance of the Rail Fleet, and assist in the assessing and reporting of safety hazards associated with the maintenance of the Rail fleet and equipment.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

I. Technology Support

To the extent that SFMTA utilizes an automated internal vehicle monitoring system, the successful vendor will work collaboratively with Maintenance, Engineering, and Materials Management in the provision of technological support, providing analysis and interpretation of data generated by any automatic monitoring systems installed in the Rail vehicles. The successful vendor shall possess the capability in assisting SFMTA in reviewing data, and assist in improving the use of any automated vehicle monitoring system to better provide for operating and maintenance decisions to support the reliability and safety of the Rail Fleet.

J. Billing

The awarded firm will bill SFMTA electronically on a consolidated monthly basis in order to minimize administrative expenses. Vendor will maintain procurement and inventory records for supporting documentation.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

IV. SUBMISSION REQUIREMENTS

A. Time and Place for Submission of Proposals

Proposals (including completed fee schedule) must be received by **4:00 PM PST**, on **July 23, 2012**. Postmarks will not be considered in judging the timeliness of submissions. Proposals may be hand-delivered or mailed to the Contract Manager:

Mikhael Hart
SFMTA
One South Van Ness Ave., 3rd Floor
San Francisco, CA 94103

Proposers shall submit **10** copies of the proposal and two copies, separately bound, of required HRC Forms in a sealed envelope clearly marked **SFMTA 2011/12- 06 Vendor Managed Inventory (VMI) Services** to the above location. Proposals that are submitted by fax will not be accepted. Late submissions will not be considered.

B. Format

The department will place proposals in three-ring binders for the review panel. Please use three-hole recycled paper, printed double-sided to the maximum extent practical, and bind the proposal with single staple, or submit it in a three-ring binder. Please do not bind your proposal with a spiral binding, glued binding, or anything similar. You may use tabs or other separators within the document.

For word processing documents, the department prefers that text be unjustified (i.e., with a ragged-right margin) and use a serif font (e.g., Times Roman, and not Arial), and that pages have margins of at least 1" on all sides (excluding headers and footers). Please include a Table of Contents.

You must also submit an electronic version of the proposal on CD or flash drive.

C. Content

1. Introduction and Executive Summary (up to 2 pages)

Submit a letter of introduction and executive summary of the proposal. The letter must be signed by a person authorized by your firm to obligate your firm to perform the commitments contained in the proposal. Submission of the letter will constitute a representation by your firm that your firm is willing and able to perform the commitments contained in the proposal.

2. Project Approach (up to 15 pages)

Describe the services and activities that your firm proposes to provide to SFMTA. Include the

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

following information:

- a. A description of the proposed VMI solution that your firm is interested in providing to SFMTA. Details should include, but not be limited to, the following:
 - Solution type: JIT, CI, etc.
 - Reason for the proposed solution type
 - Explain how the proposed solution will affect specific vehicle systems
 - Services provided under the proposed solution
 - Organizational structure and ability to meet SFMTA's service and schedule requirements
- b. Describe existing warehouse or distribution facilities and proposed locations in the San Francisco Bay Area;
- c. Describe any problems or issues that have arisen in prior VMI contracts and how you have resolved them.

3. Firm Qualifications (up to 15 pages)

Provide the following information on your firm's background and qualifications:

- a. Name, address, and telephone number of a contact person; and
- b. A brief description of your firm, as well as how any joint venture or association would be structured; and
- c. A description of any prior or existing contracts with similar requirements, contact information of current or former clients for whom VMI services were provided; the current status of the contract; and the contract dollar value
- d. A description of existing delivery assets (vehicles, personnel, equipment, etc.)
- e. A description of current levels and types of inventories managed by your firm;
- f. A description of current supply agreements for rail parts and components with OEMs and vendors with authorized distributorship;
- g. A description of current supply agreements for rail parts and components with non-OEM after-market suppliers.
- h. A list of all agreements with vendors who provide repair services for rail parts and components.
- i. Other references from organizations for which major supply chain and logistical services have been provided, including the contract dollar value(s).

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

4. Team Qualifications (up to 10 pages)

- a. Provide a list identifying: (1) each key person on the project team, (2) the project manager, (3) the role each will play in the project, and (4) a written assurance that the key individuals listed and identified will be performing the work and will not be substituted with other personnel or reassigned to another project without SFMTA's prior approval.
- b. Provide a description of the experience and qualifications of the project team members, including brief resumes if necessary.

5. Fee Proposal

Please provide a fee proposal in a separate sealed envelope that includes the following:

Proposed pricing of Rail Fleet parts inventory as listed in Attachments A-1 & A-2, Unit Price Schedule. To be responsive to the solicitation, Attachments A-1 & A-2, as attached, **must be completed in their entirety**. The Unit Price for each part must incorporate the cost of the part only. This is the price the proposing firm will pay for the part, not the price charged to the SFMTA for the part. In addition to the prices in Attachments A-1 & A-2, provide a percentage to be charged to the SFMTA on all parts provided ("Percentage Fee"). This percentage should include overhead for any shipping, administrative costs and profit associated with the supply of parts.

SFMTA intends to award this contract to the firm that it considers will provide the best overall program services. SFMTA reserves the right to accept other than the lowest priced offer and to reject any proposals that are not responsive to this request.

V. EVALUATION AND SELECTION CRITERIA

A. Minimum Qualifications

For its proposal to be considered, each proposer:

- a. Must provide documentation that it has a minimum of four years of experience in VMI services for rail fleets.
- b. Must have had a corporate net worth of at least \$1,000,000 for each of the last three years.
- c. Must have on its team a licensed engineer with at least four years of experience in rail fleet maintenance and/or engineering.

Any proposal that does not demonstrate that the proposer meets these minimum requirements by the deadline for submittal of proposals will be considered non-responsive and will not be eligible for award of the contract.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

B. Selection Criteria

The proposals will be evaluated by a selection committee comprised of parties with expertise in transit maintenance and inventory control. SFMTA intends to evaluate the proposals in accordance with the criteria itemized below. SFMTA reserves the right not to conduct oral interview/presentation and may select a firm based on the written proposal only.

1. Project Approach (30 points)

- a. Understanding of the project, the needs of SFMTA, and the tasks to be performed
- b. Proposed VMI solution and its applicability to SFMTA
- c. Proposed distribution facilities and location
- d. Understanding of potential problems and proposed solutions

2. Firm Qualifications (30 points)

- a. Experience of firm with VMI contracts; results of reference checks
- b. Quantity and quality of supply contracts for rail parts and components
- c. Quantity and quality of contracts with parts repair firms
 - d. Resources available to firm for the proposed contract

3. Team Qualifications (25 points)

- a. Expertise of the firm's employees and sub-consultants in the fields necessary to complete the tasks; and
- b. Quality of recently completed projects, including adherence to schedules, deadlines and budgets, including results of reference checks

4. Fee Proposal (30 points)

Fee proposals will be scored by dividing the Percentage Fee of the lowest proposer by the Percentage Fee of the proposal being scored and multiplying the result by the total number of points assigned to the evaluation criterion (30 points). Under that formula, if a total of 30 points are assigned, the proposer who offers the lowest Percentage Fee (e.g., 5%) receives all 30 points. If the next lowest proposal offers 10%, it would receive a score of 15 points:

$$\frac{5}{10} \times 30 = 15$$

5. Oral Interview/Presentation (Optional) (30 points)

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

Following the evaluation of the written proposals, in the event that SFMTA determines an oral interview/presentation will be conducted, the interview/presentation will consist of standard questions asked of each of the proposers. As part of the Oral Interview/Presentation, the SFMTA will seek a system demonstration by each of the short-listed Proposers. Prior to the oral interview/presentation, SFMTA will notify the short-listed candidates in writing of the time, length and general format of the interview.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

VI. PRE-PROPOSAL AND CONFERENCE AND CONTRACT AWARD

A. Pre-Proposal Conference

Proposers are encouraged to attend a pre-proposal conference on **June 20, 2012**, at **10:00 AM** to be held at **One South Van Ness Ave., 3rd Fl., San Francisco, CA 94103** in the **Civic Center Conference Room**. All questions will be addressed at this conference and any available new information will be provided at that time. If you have further questions regarding the RFP, please contact the individual designated in Section VII.B.

B. Contract Award

SFMTA will award a contract resulting from this solicitation to the responsible bidder whose offer conforming to the solicitation will be most advantageous to the Agency cost, price and other factors, specified elsewhere in this solicitation, considered. The selection of any proposal shall not imply acceptance by the City of all terms of the proposal, which may be subject to further negotiations and approvals before the City may be legally bound thereby. If a satisfactory contract cannot be negotiated in a reasonable time, then SFMTA, in its sole discretion, may terminate negotiations with the highest ranked proposer and begin contract negotiations with the next highest ranked proposer.

VII. TERMS AND CONDITIONS FOR RECEIPT OF PROPOSALS

A. Errors and Omissions in RFP

Proposers are responsible for reviewing all portions of this RFP. Proposers are to promptly notify the Department, in writing, if the proposer discovers any ambiguity, discrepancy, omission, or other error in the RFP. Any such notification should be directed to the SFMTA promptly after discovery, but in no event later than five working days prior to the date for receipt of proposals. Modifications and clarifications will be made by addenda as provided below.

B. Inquiries Regarding RFP

Inquiries regarding the RFP and all oral notifications of intent to request written modification or clarification of the RFP must be directed to:

mikhael.hart@sfmta.com

C. Objections to RFP Terms

Should a proposer object on any ground to any provision or legal requirement set forth in this RFP, the proposer must, not more than ten calendar days after the RFP is issued, provide written notice to the SFMTA setting forth with specificity the grounds for the objection. The failure of a proposer to object in the manner set forth in this paragraph shall constitute a complete and irrevocable waiver of any such objection.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

D. Change Notices

SFMTA may modify the RFP, prior to the proposal due date, by issuing Change Notices, which will be posted on the website. The proposer shall be responsible for ensuring that its proposal reflects any and all Change Notices issued by SFMTA prior to the proposal due date regardless of when the proposal is submitted. Therefore, SFMTA recommends that the proposer consult the website frequently, including shortly before the proposal due date, to determine if the proposer has downloaded all Change Notices.

E. Term of Proposal

Submission of a proposal signifies that the proposed services and prices are valid for 120 calendar days from the proposal due date and that the quoted prices are genuine and not the result of collusion or any other anti-competitive activity.

F. Revision of Proposal

A proposer may revise a proposal on the proposer's own initiative at any time before the deadline for submission of proposals. The proposer must submit the revised proposal in the same manner as the original. A revised proposal must be received on or before the proposal due date.

In no case will a statement of intent to submit a revised proposal, or commencement of a revision process, extend the proposal due date for any proposer.

At any time during the proposal evaluation process, SFMTA may require a proposer to provide oral or written clarification of its proposal. SFMTA reserves the right to make an award without further clarifications of proposals received.

G. Errors and Omissions in Proposal

Failure by SFMTA to object to an error, omission, or deviation in the proposal will in no way modify the RFP or excuse the vendor from full compliance with the specifications of the RFP or any contract awarded pursuant to the RFP.

H. Financial Responsibility

SFMTA accepts no financial responsibility for any costs incurred by a firm in responding to this RFP. Submissions of the RFP will become the property of SFMTA and may be used by SFMTA in any way deemed appropriate.

I. Proposer's Obligations under the Campaign Reform Ordinance

Proposers must comply with Section 1.126 of the S.F. Campaign and Governmental Conduct Code, which states:

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

No person who contracts with the City and County of San Francisco for the rendition of personal services, for the furnishing of any material, supplies or equipment to the City, or for selling any land or building to the City, whenever such transaction would require approval by a City elective officer, or the board on which that City elective officer serves, shall make any contribution to such an officer, or candidates for such an office, or committee controlled by such officer or candidate at any time between commencement of negotiations and the later of either (1) the termination of negotiations for such contract, or (2) three months have elapsed from the date the contract is approved by the City elective officer or the board on which that City elective officer serves.

If a proposer is negotiating for a contract that must be approved by an elected local officer or the board on which that officer serves, during the negotiation period the proposer is prohibited from making contributions to:

- the officer's re-election campaign
- a candidate for that officer's office
- a committee controlled by the officer or candidate.

The negotiation period begins with the first point of contact, either by telephone, in person, or in writing, when a contractor approaches any city officer or employee about a particular contract, or a city officer or employee initiates communication with a potential contractor about a contract. The negotiation period ends when a contract is awarded or not awarded to the contractor. Examples of initial contacts include: (1) a vendor contacts a city officer or employee to promote himself or herself as a candidate for a contract; and (2) a city officer or employee contacts a contractor to propose that the contractor apply for a contract. Inquiries for information about a particular contract, requests for documents relating to a Request for Proposal, and requests to be placed on a mailing list do not constitute negotiations.

Violation of Section 1.126 may result in the following criminal, civil, or administrative penalties:

1. **Criminal.** Any person who knowingly or willfully violates section 1.126 is subject to a fine of up to \$5,000 and a jail term of not more than six months, or both.
2. **Civil.** Any person who intentionally or negligently violates section 1.126 may be held liable in a civil action brought by the civil prosecutor for an amount up to \$5,000.
3. **Administrative.** Any person who intentionally or negligently violates section 1.126 may be held liable in an administrative proceeding before the Ethics Commission held pursuant to the Charter for an amount up to \$5,000 for each violation.

For further information, proposers should contact the San Francisco Ethics Commission at (415) 581-2300.

J. Communications Prior to Contract Award

San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services

It is the policy of the SFMTA that only SFMTA staff identified in the RFP as contacts for this competitive solicitation are authorized to respond to comments or inquiries from Proposers or potential Proposers seeking to influence the contractor selection process or the award of the contract. This prohibition extends from the date the RFP is issued until the date when the contractor selection is finally approved by the SFMTA Board of Directors and, if required, by the San Francisco Board of Supervisors.

All firms and subcontractor(s) responding to this RFP are hereby notified that they may not contact any SFMTA staff member, other than a person with whom contact is expressly authorized by this RFP for the purpose of influencing the contractor selection process or the award of the contract from the date the RFP is issued to the date when the contract award is approved by the Board of Directors of SFMTA and, if required, by the San Francisco Board of Supervisors. This prohibition does not apply to communications with SFMTA staff members regarding normal City business not regarding or related to this RFP.

All firms and subcontractor(s) responding to this RFP are hereby notified that any written communications sent to one or more members of the SFMTA Board of Directors concerning a pending contract solicitation shall be distributed by the SFMTA to all members of the SFMTA Board of Directors and the designated staff contact person(s) identified in the RFP.

Except as expressly authorized in the RFP, where any person representing a Proposer or potential Proposer contacts any SFMTA staff for the purpose of influencing the content of the competitive solicitation or the award of the contract between the date when the RFP is issued and the date when the final selection is approved by the SFMTA Board of Directors, and, if required, by the San Francisco Board of Supervisors, the Proposer or potential Proposer shall be disqualified from the selection process. However, a person who represents a Proposer or potential Proposer may contact City elected officials and may contact the Executive Director/CEO of the SFMTA if s/he is unable to reach the designated staff contact person(s) identified in the RFP or wishes to raise concerns about the competitive solicitation.

Additionally, the firms and subcontractor(s) responding to this RFP will not provide any gifts, meals, transportation, materials or supplies or any items of value or donations to or on behalf of any SFMTA staff member from the date the RFP is issued to the date when the contract award is approved by the Board of Directors of SFMTA and if required, by the San Francisco Board of Supervisors.

All lobbyists or any agents representing the interests of proposing prime contractors and subcontractor(s) shall also be subject to the same prohibitions.

An executed Attestation of Compliance (see Appendix D) certifying compliance with this section of the RFP will be required to be submitted signed by all firms and named subcontractor(s) as part of the response to this RFP. Any proposal that does not include the executed Attestation of Compliance as required by this section will be deemed non-responsive and will not be evaluated.

Any Proposer who violates the representations made in such Attestation of Compliance, directly or through an agent, lobbyist or subcontractor will be disqualified from the selection process.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

K. Sunshine Ordinance

In accordance with S.F. Administrative Code Section 67.24(e), contractors' bids, responses to RFPs and all other records of communications between the City and persons or firms seeking contracts shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefits until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

L. Public Access to Meetings and Records

If a proposer is a non-profit entity that receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the S.F. Administrative Code, the proposer must comply with Chapter 12L. The proposer must include in its proposal (1) a statement describing its efforts to comply with the Chapter 12L provisions regarding public access to proposer's meetings and records, and (2) a summary of all complaints concerning the proposer's compliance with Chapter 12L that were filed with the City in the last two years and deemed by the City to be substantiated. The summary shall also describe the disposition of each complaint. If no such complaints were filed, the proposer shall include a statement to that effect. Failure to comply with the reporting requirements of Chapter 12L or material misrepresentation in proposer's Chapter 12L submissions shall be grounds for rejection of the proposal and/or termination of any subsequent Agreement reached on the basis of the proposal.

M. Reservations of Rights by the City

The issuance of this RFP does not constitute an agreement by the City that any contract will actually be entered into by the City. The City expressly reserves the right at any time to:

1. Waive or correct any defect or informality in any response, proposal, or proposal procedure;
2. Reject any or all proposals;
3. Reissue a Request for Proposals;
4. Prior to submission deadline for proposals, modify all or any portion of the selection procedures, including deadlines for accepting responses, the specifications or requirements for any materials, equipment or services to be provided under this RFP, or the requirements for contents or format of the proposals;
5. Procure any materials, equipment or services specified in this RFP by any other means;
or
6. Determine that no project will be pursued.

N. No Waiver

No waiver by the City of any provision of this RFP shall be implied from any failure by the City to recognize or take action on account of any failure by a proposer to observe any provision of

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

this RFP.

O. Local Business Enterprise Goals and Outreach

The requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the “LBE Ordinance”) shall apply to this RFP.

1. LBE Subconsultant Participation Goals

The LBE sub-consulting goal for this contract is **17 percent** of the total labor value of the services to be provided. The LBE sub-consulting goal shall also apply to any labor value of any additional services authorized after issuance of the Notice to Proceed. Proposers are further advised that they may not discriminate in the selection of sub-consultants on the basis of race, gender, or other basis prohibited by law, and that they shall undertake all required good faith outreach steps in such a manner as to ensure that neither MBEs nor WBEs nor OBEs are unfairly or arbitrarily excluded from the required outreach.

Each firm responding to this solicitation shall demonstrate, in its response, that it either: 1) qualifies for the good faith efforts exception set forth in Section 14B.8(B) by demonstrating that it exceeds the established LBE subcontracting participation goal by 35% or more, or 2) meets the established LBE subcontracting participating goal AND used good-faith outreach to select LBE subcontractors as set forth in S.F. Administrative Code Chapter 14B Sections 14B.8 and 14B.9 and HRC Attachment 2, Requirements for Architecture, Engineering and Professional Services Contracts (see Appendix A). For each LBE identified as a subcontractor, the Proposal must specify the value of the participation as a percentage of the total value of the goods and/or services to be procured, the type of work to be performed, and such information as may reasonably be required to determine the responsiveness of the proposal. LBEs identified as subcontractors must be certified with the San Francisco Human Rights Commission as Small or Micro-LBE at the time the proposal is submitted, and must be contacted by the Proposer (prime contractor), prior to listing them as subcontractors in the proposal. A Proposer who owns, controls or has any common ownership or control of more than one business will not receive LBE subcontracting credit for listing such firms. **Any proposal that does not meet the requirements of this paragraph will be deemed non-responsive and will be rejected.**

Proposals which fail to comply with the material requirements of S.F. Administrative Code Section 14B.8 and 14B.9, HRC Attachment 2 and this RFP will be deemed non-responsive and will be rejected. During the term of the contract, any failure to comply with the level of LBE subcontractor participation specified in the contract shall be deemed a material breach of contract. Sub consulting goals can only be met with HRC-certified LBEs located in San Francisco.

2. LBE Participation

The City strongly encourages proposals from qualified LBEs. Pursuant to Chapter 14B, the following rating discount (or rating bonus, refer to Appendix A, Part II) will be in effect for the award of this project for any Proposers who are certified by the City's Human Rights Commission (HRC) as a LBE, or joint ventures where the joint venture partners are in the same discipline and have the specific levels of participation, as identified below. Certification

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

applications may be obtained by calling HRC at (415) 252-2500. The rating discount applies at each phase of the selection process. The application of the rating discount is as follows:

- a. a 10% discount to a Small or Micro-LBE; or a joint venture between or among Small or Micro-LBEs; or
- b. a 5% discount to a joint venture with Small or Micro-LBE participation that equals or exceeds 35%, but is under 40%; or
- c. a 7.5% discount to a joint venture with Small or Micro-LBE participation that equals or exceeds 40%; or
- d. a 10% discount to a certified non-profit entity.

If applying for a rating discount as a joint venture: the LBE must be an active partner in the joint venture and perform work, manage the job and take financial risks in proportion to the required level of participation stated in the proposal, and must be responsible for a clearly defined portion of the work to be performed and share in the ownership, control, management responsibilities, risks, and profits of the joint venture. The portion of the LBE joint venture's work shall be set forth in detail, separately from the work to be performed by the non-LBE joint venture partner. **The LBE joint venture's portion of the contract must be assigned a commercially useful function. The joint venture partners must be of the same or similar discipline in order to be eligible for a rating bonus. The joint venture partners will be jointly responsible for the overall project management, control, and compliance with Chapter 14B requirements.**

3. HRC Forms to be Submitted with Proposal

- a. Each proposal submitted must include 2 copies of the following Human Rights Commission (HRC) Pre-Award Forms contained in the HRC Attachment 2: (1) Form 2A: Contract Participation Form, (2) Form 2B: "Good Faith" Outreach Requirements, (3) Form 3: Non-discrimination Affidavit (4) Form 4: Joint Venture Participation Schedule (if applicable) , and (5) Form 5: HRC Employment Form. Please refer to HRC Attachment 2 (Appendix A to the RFP) for instructions on how to fill out the forms.
- b. Please submit only two copies of the above forms with your proposal. The forms should be placed in a separate, sealed envelope labeled: HRC Forms for SFMTA 2010/11-09; RFP for Public Relations/Communications Specialist, Attn: SFMTA Contract Compliance Office.

If you have any questions concerning the HRC Forms, you may contact Maria Cordero at the SFMTA Contract Compliance Office, One South Van Ness Avenue., 6th Floor, San Francisco, CA 94103, (415) 701-5239 or maria.cordero@sfmta.com.

VIII. CITY CONTRACT REQUIREMENTS

A. Standard Contract Provisions

The successful proposer will be required to enter into a contract substantially in the form of the

San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services

Agreement for Professional Services, attached hereto as Appendix C. Failure to timely execute the contract, or to furnish any and all insurance certificates and policy endorsement, surety bonds or other materials required in the contract, shall be deemed an abandonment of a contract offer. SFMTA, in its sole discretion, may select another firm and may proceed against the original selectee for damages.

Proposers are urged to pay special attention to the requirements of Administrative Code Chapters 12B and 12C, Nondiscrimination in Contracts and Benefits, (§ 34 in the Agreement); the Minimum Compensation Ordinance (§ 43 in the Agreement); the Health Care Accountability Ordinance (§ 44 in the Agreement); the First Source Hiring Program (§ 45 in the Agreement); and applicable conflict of interest laws (§ 23 in the Agreement), as set forth in paragraphs B, C, D, E and F below.

B. Nondiscrimination in Contracts and Benefits

The successful proposer will be required to agree to comply fully with and be bound by the provisions of Chapters 12B and 12C of the San Francisco Administrative Code. Generally, Chapter 12B prohibits the City and County of San Francisco from entering into contracts or leases with any entity that discriminates in the provision of benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of employees. The Chapter 12C requires nondiscrimination in contracts in public accommodation. Additional information on Chapters 12B and 12C is available on the HRC's website at www.sf-hrc.org.

C. Minimum Compensation Ordinance (MCO)

The successful proposer will be required to agree to comply fully with and be bound by the provisions of the Minimum Compensation Ordinance (MCO), as set forth in S.F. Administrative Code Chapter 12P. Generally, this Ordinance requires contractors to provide employees covered by the Ordinance who do work funded under the contract with hourly gross compensation and paid and unpaid time off that meet certain minimum requirements. For the contractual requirements of the MCO, see § 43.

For the amount of hourly gross compensation currently required under the MCO, see www.sfgov.org/olse/mco. Note that this hourly rate may increase on January 1 of each year and that contractors will be required to pay any such increases to covered employees during the term of the contract.

Additional information regarding the MCO is available on the web at www.sfgov.org/olse/mco.

D. Health Care Accountability Ordinance (HCAO)

The successful proposer will be required to agree to comply fully with and be bound by the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in S.F. Administrative Code Chapter 12Q. Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

regarding the HCAO is available on the web at www.sfgov.org/olse/hcao.

E. First Source Hiring Program (FSHP)

If the contract is for more than \$50,000, then the First Source Hiring Program (Admin. Code Chapter 83) may apply. Generally, this ordinance requires contractors to notify the First Source Hiring Program of available entry-level jobs and provide the Workforce Development System with the first opportunity to refer qualified individuals for employment.

Contractors should consult the San Francisco Administrative Code to determine their compliance obligations under this chapter. Additional information regarding the FSHP is available on the web at www.sfgov.org/moed/fshp.htm and from the First Source Hiring Administrator, (415) 401-4960.

F. Conflicts of Interest

The successful proposer will be required to agree to comply fully with and be bound by the applicable provisions of state and local laws related to conflicts of interest, including Section 15.103 of the City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California. The successful proposer will be required to acknowledge that it is familiar with these laws; certify that it does not know of any facts that constitute a violation of said provisions; and agree to immediately notify the City if it becomes aware of any such fact during the term of the Agreement.

Individuals who will perform work for SFMTA on behalf of the successful proposer might be deemed consultants under state and local conflict of interest laws. If so, such individuals will be required to submit a Statement of Economic Interests, California Fair Political Practices Commission Form 700, to the City within ten calendar days of the City notifying the successful proposer that the City has selected the proposer.

IX. PROTEST PROCEDURES

A. Protest of Non-Responsiveness Determination

Within five working days of the City's issuance of a notice of non-responsiveness, any firm that has submitted a proposal and believes that the City has incorrectly determined that its proposal is non-responsive may submit a written notice of protest. Such notice of protest must be received by the City on or before the fifth working day following the City's issuance of the notice of non-responsiveness. The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the proposer, and must cite the law, rule, local ordinance, procedure or RFP provision on which the protest is based. In addition, the protestor must specify facts and evidence sufficient for the City to determine the validity of the protest.

**San Francisco Municipal Transportation Agency
RFP for Pilot Project for Vendor Managed Inventory (VMI) Services**

The SFMTA reserves the right to proceed with the proposal selection process with the responsive proposers during the five-day protest period. The SFMTA will cease the proposal selection process only when it receives a notification of decision that is in favor of the protester.

B. Protest of Contract Award

Within five working days of the City's issuance of a notice of intent to award the contract, any firm that has submitted a responsive proposal and believes that the City has incorrectly selected another proposer for award may submit a written notice of protest. Such notice of protest must be received by the City on or before the fifth working day after the City's issuance of the notice of intent to award.

The notice of protest must include a written statement specifying in detail each and every one of the grounds asserted for the protest. The protest must be signed by an individual authorized to represent the proposer, and must cite the law, rule, local ordinance, procedure or RFP provision on which the protest is based. In addition, the protestor must specify facts and evidence sufficient for the City to determine the validity of the protest.

The SFMTA reserves the right to proceed the contract negotiation with the highest scored proposer during the five-day protest period. The SFMTA will cease contract negotiation only when it receives a notification of decision that is in favor of the protester.

C. Delivery of Protests

All protests must be received by the due date. If a protest is mailed, the protestor bears the risk of non-delivery within the deadlines specified herein. Protests should be transmitted by a means that will objectively establish the date the City received the protest. Protests or notice of protests made orally (e.g., by telephone) will not be considered. Protests must be delivered to Contract Manager:

Appendix B

Standard Forms

The requirements described in this Appendix are separate from those described in Appendix A.

Before the City can award any contract to a contractor, that contractor must file three standard City forms (items 1-3 on the chart). Because many contractors have already completed these forms, and because some informational forms are rarely revised, the City has not included them in the RFP package. Instead, this Appendix describes the forms, where to find them on the Internet (see bottom of page 2), and where to file them. If a contractor cannot get the documents off the Internet, the contractor should call (415) 554-6248 or e-mail Purchasing (purchasing@sfgov.org) and Purchasing will fax, mail or e-mail them to the contractor.

If a contractor has already filled out items 1-3 (see note under item 3) on the chart, **the contractor should not do so again unless the contractor's answers have changed.** To find out whether these forms have been submitted, the contractor should call Vendor File Support in the Controller's Office at (415) 554-6702.

If a contractor would like to apply to be certified as a local business enterprise, it must submit item 4. To find out about item 4 and certification, the contractor should call Human Rights Commission at (415) 252-2500.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters**

By signing and submitting its Proposal, the Proposer or proposed subcontractor certifies as follows:

(1) _____
(Proposer or Proposed Subcontractor Business Name)

certifies to the best of its knowledge and belief that it and its principals:

- a. Are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from contracting with any federal, state or local governmental department or agency;
 - b. Have not within a three-year period preceding the date of this Proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) contract; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1) b. of this certification; and
 - d. Have not within a three-year period preceding the date of this Proposal had one or more public contracts (federal, state, or local) terminated for cause or default.
- (2) Where the firm executing this RFP Appendix E is unable to certify to any of the statements in this certification, such firm shall attach a detailed explanation of facts that prevent such certification.
- (3) The certification in this clause is a material representation on fact relied upon by the San Francisco Municipal Transportation Agency (SFMTA).

As the authorized certifying official, I hereby certify that the above-specified certifications are true.

Certification Regarding Lobbying

(Proposer or Proposed Subcontractor Business Name)

Certifies that it will not and has not paid any person or organization for influencing or attempting to influence a member of the San Francisco Municipal Transportation (“SFMTA”) Agency Board of Directors, or an officer or employee of the SFMTA in connection with the contract to be awarded pursuant to this Request for Proposals, except as expressly authorized in this Request for Proposals. The Proposer or proposed subcontractor submitting this certification shall also disclose the name of any lobbyist registered under Article II of the San Francisco Campaign and Governmental Conduct Code who has made lobbying contacts on its behalf with respect to the contract to be awarded pursuant to this Request for Proposals.

This certification is a material representation of fact upon which reliance was placed for the purposes of the SFMTA's evaluation of Proposals and award of a contract pursuant to the Request for Proposals. Submission of this certification is a prerequisite for submitting a Proposal responsive to the Request for Proposals.

Following submission of Proposals with this signed certification, any firm who 1) pays any person or organization for influencing or attempting to influence a member of the San Francisco Municipal Transportation Agency Board of Directors, or an officer or employee of the SFMTA in connection with the contract to be awarded pursuant to this Request for Proposals, except as expressly authorized in the RFP, 2) fails to disclose the name of any lobbyist registered under Article II of the San Francisco Campaign and Governmental Conduct Code who has made lobbying contacts on its behalf with respect to the contract to be awarded pursuant to this Request for Proposals, or 3) pays or agrees to pay to any SFMTA employee or official or to any member of the selection panel or other person involved in the making of the contract on behalf of the SFMTA any fee or commission, or any other thing of value contingent on the award of a contract, will disqualify any Proposal in which that firm is named as a prime contractor, joint venture partner or subcontractor from the selection process.

By signing and submitting its proposal, the Proposer or proposed subcontractor also certifies to the SFMTA that the Proposer or proposed subcontractor has not paid, nor agreed to pay, and will not pay or agree to pay, any fee or commission, or any other thing of value contingent on the award of a contract to any SFMTA employee or official or to any member of the selection panel or other person involved in the making of the contract on behalf of the SFMTA. As the authorized certifying official, I hereby certify that the above-specified certifications are true.

Attachment C

Rail Division Inventory by Storeroom

<u>Division</u>	<u>Inventory Value</u>
Metro (Green)	\$11,488,400
Muni Metro East (MME)	\$1,889,554
Cable Car	\$761,361
Geneva	\$2,845
Total	\$14,142,160

Attachment D

Inventory – Stock Purchased Vs. Used

Month/Year	Total Purchases (Stock and Direct Purchase)	Inventory Used (excluding Rebuilt)
Oct-11	\$934,518	\$1,424,076
Nov-11	\$1,073,234	\$1,497,261
Dec-11	\$1,572,695	\$1,036,471

The above graph shows the amount of purchases vs. material usage to support fleet operations (Rail Divisions only) for the months specified. This includes stock for inventory replenishment as well as special non-coded items (direct purchases). Material usage numbers exclude items that are classified as rebuilt.

**1. City & County of San Francisco
HUMAN RIGHTS COMMISSION**

2. HRC ATTACHMENT 2

***Requirements for Architecture, Engineering, & Professional Services Contracts
For Contracts \$50,000 and over***

PART I. GENERAL

1.01 SAN FRANCISCO ADMINISTRATIVE CODE Chapters 12B and 14B

A. To be eligible for this contract award, prime proposers must agree to comply with the Local Business Enterprise ("LBE") requirements sanctioned by San Francisco Administrative Code Chapter 12B, Section 12B.4 and Chapter 14B, and its implementing Rules and Regulations. Chapters 12B and 14B are administered and monitored by the San Francisco Human Rights Commission ("HRC").

B. Chapters 12B and 14B and their implementing Rules and Regulations are incorporated by reference herein as though fully set forth and provide that the failure of any proposer or consultant to comply in good faith with these requirements shall be deemed a material breach of contract. Copies of both Chapters 12B and 14B and their implementing Rules and Regulations are available on the HRC website at <http://www.sf-hrc.org/>.

C. Chapter 14B allows for a ten percent (10%) rating discount, referred to in this Attachment 2 as a "rating bonus," for HRC certified Small – or Micro LBE's. Subject to certain limitations and exceptions, HRC SBA-LBEs may be entitled to a two percent (2%) rating bonus. Joint Ventures with Small or Micro-LBE participation may be entitled to a five percent (5%), seven and a half percent (7.5%), or to 10 percent (10%) rating bonus. The Certification Application is available on the HRC website at <http://www.sf-hrc.org/>.

For assistance with HRC Attachment 2, please contact the following number(s):

HRC Main Office (415) 252-2500 or LBE Certification Unit (415) 252-2531

For compliance and assistance with the Equal Benefits Program, please contact the HRC Main Office.

1.02 SUBMISSION OF HRC FORMS

- A. **Unless otherwise authorized** by HRC, the proposer must submit the following HRC forms in a separate sealed envelope marked “HRC Forms” with the proposal. Failure to complete or submit any of the HRC Forms may cause the proposal to be deemed non-responsive and ineligible for contract award.

Proposers are responsible for reviewing the specific instructions and requirements on each HRC form.

1. **Form 2A: HRC Contract Participation Form:** Identify LBE subconsultants, vendors, and lower tier subconsultants that the proposal relies on to meet LBE subconsultant participation goal. Check the appropriate box under Rating Bonus.
2. **Form 2B: HRC “Good Faith Outreach” Requirements Form:** Document solicitation of LBE participation. This form must be submitted for every solicitation that includes LBE subconsultant participation. Proposer shall meet the specified LBE subcontractor participation goal and shall complete and submit Form 2B in accordance with Form 2B instructions.

In accordance with Section 14B.8(B) of the Administrative Code ("Code"), if a proposer does not demonstrate in its proposal that proposer exceeds the established LBE subcontracting participation goal by at least 35%, such proposer must demonstrate adequate good faith efforts to meet the LBE subconsulting goal. Such proposer must complete and submit Form 2B as required by Form 2B instructions and must submit all good faith documentation as specified in Form 2B with its proposal. Failure to meet the LBE subconsulting participation goal and demonstrate/document adequate good faith efforts shall cause the proposal to be determined non-responsive and rejected.

If a proposer demonstrates in its proposal that it exceeds the established LBE subconsulting participation goal by 35% or more, such proposer is not required to conduct good faith outreach efforts or to submit evidence of good faith efforts. Such proposer shall complete and submit Form 2B as required by Form 2B instructions. **Note: a Small or Micro-LBE prime proposer may count its own Contract Work toward the 35% good faith efforts exception.**

- *Example:* The LBE subconsulting goal is 10%. Good faith efforts requirements will be waived if the Proposer:
 - 1) Meets the 10% LBE subconsulting goal;
 - AND**

2) Has total LBE participation that equals or exceeds 13.5% of the total proposal amount. The 13.5% represents the 10% LBE subconsulting goal plus 35% of that 10% subconsulting goal.

LBE subconsulting goal set for project	10.0%
35% of the 10% LBE subconsulting goal	3.5%
Total LBE participation must equal or exceed:	13.5%

3. **Form 3: HRC Non-Discrimination Affidavit:** Must be signed by Proposer under penalty of perjury.
4. **Form 4: HRC Joint Venture Form:** Submit ONLY if the Proposer is requesting a rating bonus based on LBE participation in a joint venture partnership.
5. **Form 5: HRC Employment Form:** List the key personnel and responsibilities of the Proposer, Joint Venture partners, and Subconsultants.

B. HRC Contract Performance Forms

Proposers are responsible for reviewing the instructions and requirements on each form. The following HRC forms are submitted with progress and final payment requests.

1. **Form 7: HRC Progress Payment Form:** Submit to Contract Awarding Authority and to HRC for each payment request. *Note:* Page 2; column “A” of the form, ALL firms must be continuously listed including lower tier subconsultants for each payment request.
2. **Form 9: HRC Payment Affidavit:** Submit within ten (10) working days to Contract Awarding Authority and HRC following receipt of each progress payment from the Contract Awarding Authority. This form must be submitted EVEN if there were no payments to subconsultants associated with the progress payment.
3. **Form 8: HRC Exit Report and Affidavit: Submit with final Form 7. A separate Form 8 must be** completed for each LBE Joint Venture partner and LBE subconsultant (including lower-tier LBEs).
4. **Form 10: HRC Contract Modification Form:** This form shall be completed by the Consultant when any (all) amendments, modifications, or supplemental change orders that cumulatively increase the original contract amount by more than 20%, and then for all subsequent modifications.

Failure to submit any HRC contract performance forms may result in sanctions under Section 14B.11.C including but not limited to withholding or delaying progress and final payments.

1.03 “Good Faith Outreach” Requirements

All proposers shall undertake adequate good faith outreach as set forth in Section 14B.8(D) of the Administrative Code to select subconsultants to meet the LBE subconsulting participation goal, unless a proposer qualifies for the good faith efforts exception set forth in Section 14B.8(B) for proposers that demonstrate in their proposals that they exceed the established LBE subconsulting participation goal by 35% or more. Please see example in Section 1.02A.2 above.

Under Section 14B.8(C) of the Code, proposals that do not meet the LBE subconsulting participation goal set will be rejected as non-responsive unless the HRC Director finds that the proposer diligently undertook adequate good faith efforts required by Chapter 14B and that the failure to meet the goal resulted from an excusable error.

A proposer must contact an LBE before listing that LBE as a subconsultant in the proposal. A proposal that fails to comply with this requirement will be rejected as non-responsive. Proposers are required to submit Form 2B and supporting documentation EVEN IF the LBE subconsulting goal has been met.

1.04 NON COMPLIANCE AND SANCTIONS

A. Non-Compliance with Chapter 14B

1. A complaint of discrimination or non-compliance concerning LBE participation initiated by any party after contract award will be processed in accordance with Chapter 14B and its implementing rules and regulations.

a. If the HRC Director determines that there is cause to believe that a consultant has failed to comply with any of the requirements of the Chapter 14B, HRC Rules and Regulations, or contract provisions pertaining to LBE participation, the HRC Director shall notify the contract awarding

authority and attempt to resolve the non-compliance through conference and conciliation.

- b. If the non-compliance is not resolved through conference and conciliation, the HRC Director shall conduct an investigation and, where the Director so finds, issue a written Finding of Non-Compliance.
 - c. The Director's finding shall indicate whether the consultant acted in good faith or whether noncompliance was based on willful or bad faith noncompliance with the requirements of Chapter 14B, HRC Rules and Regulations, or contract provisions pertaining to LBE participation.
1. Where the Director finds that the consultant acted in good faith, after affording the consultant notice and an opportunity to be heard, the Director shall recommend that the contract awarding authority take appropriate action. Where the Director finds willful or bad faith noncompliance, the Director shall impose sanctions for each violation of the ordinance, HRC rules and regulations, or contract provisions pertaining to LBE participation, which may include:
 - i) reject all proposals;
 - ii) declare a proposal non-responsive;
 - iii) suspend a contract;
 - iv) withhold funds;
 - v) assess penalties;
 - vi) debarment;
 - vii) deny HRC certification;
 - viii) revoke HRC certification; or
 - ix) pursuant to 14B.7(H)(2), assess liquidated damages in an amount equal to the consultant's net profit on the contract, 10% of the total amount of the contract or \$1,000, whichever is greatest as determined by HRC.
 2. The Director's determination of non-compliance is subject to appeal pursuant to HRC Rules and Regulations.
 3. An appeal by a consultant to the Commission shall not stay the Director's findings.
 4. The HRC Director may require such reports, information and documentation from consultants, subconsultants, contract awarding authorities, and heads of departments, divisions, and offices of the City and County as are reasonably necessary to determine compliance with the requirements of Chapter 14B.
- B. Procedure for the collection of penalties is as follows:**
1. The HRC Director shall send a written notice to the Controller, the Mayor and to all contract awarding authorities or City and County department officials overseeing any contract with the proposer or consultant that a determination of bad faith non-compliance has been made and that all payments due the proposer or consultant shall be withheld.
 2. The HRC Director shall transmit a report to the Controller and other applicable City departments to ensure that the liquidated damages are paid to the City.

PART II. RATING BONUS
2.01 APPLICATION

A. **Eligibility for the LBE Rating bonus:** Certified Small or Micro-LBEs, including certified non-profit organizations, are eligible for an LBE rating bonus if the LBE is HRC certified in the type of work that is called out by the Contract Awarding Authority. Under certain circumstances, SBA LBE's are eligible for an LBE rating bonus. A proposer that has a certification application pending, that has been denied certification, that has had its certification revoked or that is in the process of appealing an HRC denial or revocation at the date and time the proposal is due is not an LBE and is not eligible to receive the rating bonus even if the firm is later certified or ultimately prevails in its appeal.

B. **Application of the Rating bonus:** The following rating bonus shall apply at each stage of the selection process, i.e., qualifications, proposals, and interviews:

1. **Contracts with an Estimated Cost in Excess of \$10,000 and Less Than or Equal To 400,000.**

A 10% rating bonus will apply to any proposal submitted by an HRC certified Small or Micro-LBE. Proposals submitted by SBA-LBEs are not eligible for a rating bonus.

2. **Contracts with an Estimated Cost in Excess of \$400,000 and Less Than or Equal To \$10,000,000.** A 10% rating bonus will apply to any proposal submitted by an HRC certified Small or Micro-LBE ...Pursuant to Section 14B.7(E), a 2% rating bonus will be applied to any proposal from an SBA-LBE, except that the 2% rating bonus shall not be applied at any stage if it would adversely affect a Small or Micro-LBE proposer or a JV with LBE participation.

3. **Contracts with an Estimated Cost In Excess of \$10,000,000 and Less Than or Equal To \$20,000,000.** A 2% rating bonus will apply to any proposal submitted by an SBA-LBE..

4. **The rating bonus for a Joint Venture ("JV") with LBE participation that meets the requirements of Section 2.02 below is as follows for contracts with an estimated cost of in excess of \$10,000 and Less Than or Equal to \$10,000,000:**

a. 10% for each JV among Small and/or Micro LBE prime proposers.

b. 5% for each JV which includes at least 35% (but less than 40%) participation by Small and/or Micro-LBE prime proposers..

c. 7.5% for each JV that includes 40% or more in participation by Small and/or Micro-LBE prime proposers.

d. The rating bonus will be applied by adding 5%, 7.5%, or 10% (as applicable) to the score of each firm eligible for a bonus for purposes of determining the highest ranked firm. Pursuant to Chapter 14B.7(F), SBA-LBEs are not eligible for the rating bonus when joint venturing with a non LBE firm. However, if the SBA-LBE joint ventures with a Micro-LBE or a Small-LBE, the joint venture will be entitled to the joint venture rating bonus only to the extent of the Micro-LBE or Small-LBE participation described in Section 2.01B.4b. and c. above.

5. A 10% rating bonus for HRC LBE certified non-profit agencies for contracts estimated in excess of \$10,000, but less than or equal to \$10,000,000.

C. The Rating Bonus for Small or Micro-LBEs or JVs does not apply for contracts estimated by the Contract Awarding Authority to exceed \$10 million. The rating bonus for SBA-LBEs does not apply for contracts estimated by the Contract Awarding Authority to exceed \$20 million.

2.02 JOINT VENTURE/PRIME ASSOCIATION

A. Each Small and/or Micro-LBE JV partner must be responsible for a clearly defined portion of the work to be performed. The rating bonus is applied only when the Small and/or Micro-LBE partner has sufficient skill, experience, and financial capacity to perform the portion of the work identified for the Small and/or Micro-LBE. This portion must be set forth in detail separately from

the work to be performed by the non-LBE JV partner. The joint venture partners must be of the same discipline/each possess the license required by the RFP and the LBE partner(s) must be HRC LBE certified in that area in order to be eligible for the rating bonus. The joint venture partners must be jointly responsible for the overall project management, control, and compliance with 14B requirements.

1. The Small and/or Micro-LBE JV partner's work must be assigned a commercially significant dollar value of the prime work and use its own employees and equipment.
 2. Each member of the joint venture must perform a “commercially useful function” as that term is defined by Section 14B.2 of the Ordinance. A Small and/or Micro-LBE JV partner that relies on the resources and personnel of a non-LBE firm will not be deemed to perform a “commercially useful function.”
 3. The following actions are prohibited: i) the non-LBE JV partner performing work for the Small and/or Micro-LBE JV partner; ii) leasing of equipment or property by the Small and/or Micro-LBE JV partner from the non-LBE JV partner; and iii) the hiring of the non-LBE JV partner’s employees by the Small and/or Micro-LBE JV partner.
 4. The Small and/or Micro-LBE JV partner must share in the ownership, control, management and administrative responsibilities, risks, and profit of the JV in direct proportion to its stated level of JV participation.
 5. The Small and/or Micro-LBE JV partner must perform work that is commensurate with its experience.
 6. A JV must submit an executed JV agreement and management plan detailing each JV partner’s responsibilities and tasks.
 7. A JV must obtain a Federal ID number for that entity.
 8. A JV must obtain a tax registration certificate from the City Tax Collectors Office for that entity.
- B. A prime association or partnership is considered the same as a joint venture and must comply with all the JV requirements stated above.
- C. The proposal items to be performed by the Small and/or Micro-LBE JV partner must be identified separately and all work must be accounted for, including subconsulting work.
- D. The cost of the work to be performed by the Small and/or Micro-LBE JV partners is to be calculated as a percentage of the work to be performed by the joint venture partners. The joint venture should deduct the amount of work to be performed by subconsultants from its total contract amount. This percentage is used to determine whether or not the joint venture is eligible for a rating bonus.

EXAMPLE:

Step 1. Calculate total JV partner work:

Total Contract Work	=	100%
Percentage of Total Contract Work Performed by Subconsultants	-	40%
Percentage of Total Contract Work Performed by JV partners	=	60%

Step 2. Calculate Small and/or Micro-LBE JV partner work:

	A	B	C
Description of JV Partners’ Scopes of Work	JV Partners’ Work as a % of the total contract	% of Task by Non-LBE JV Partner	% of Task by Small and/or Micro-LBE JV

	A	B	C
TASK 1	5%	3%	2%
TASK 2	20%	11%	9%
TASK 3	25%	12.5%	12.5%
TASK 4	10%	6%	4%
TOTAL JV Partner %	60%	32.5%	27.5%

Step 3. Calculate Small and/or Micro-LBE JV partner work as a percentage of the total JV partner work for the rating bonus.

Total Small and/or Micro- LBE JV %	27.5%	÷	Total JV %	60%	=	45.8%
------------------------------------	-------	---	------------	-----	---	-------

The Small and/or Micro-LBE JV partner’s participation is 45.8%. The JV is therefore eligible for a 7.5% rating bonus.

PART III SUBCONSULTANT PARTICIPATION
3.01 SUBCONSULTANT PARTICIPATION GOAL

NOTE: FOR PURPOSES OF THE LBE SUBCONSULTING REQUIREMENTS, “LBE” refers to Small and Micro-LBEs only, unless the RFP allows for SBA-LBE subconsultants to count towards the LBE participation goal.

A. All proposers shall achieve the LBE subconsultant participation goal and undertake adequate good faith outreach as set forth in Section 14B.8(D) of the Ordinance to select subconsultants to meet the LBE subconsultant participation goal unless the proposer meets the good faith outreach exception in Section 14B.8.(B). See example in Section 1.02A.2. The LBE subconsultant participation goal can only be met with HRC certified Small and Micro-LBEs.

For a directory of certified LBEs, please go to:

http://sf-hrc.org/ftp/uploadedfiles/sfhumanrights/directory/vlistS_1.htm.

Proposals that do not meet the LBE subconsultant participation goal set under 14B.8(A) of the Ordinance will be rejected as non-responsive unless the HRC Director finds that the proposer diligently undertook good faith efforts required by the Ordinance and that the failure to meet the goal resulted from an excusable error.

B. Proposers must identify on Form 2A the particular LBE subconsultants and lower tier subconsultants to be utilized in performing the contract, specifying for each the percentage of participation, the type of work to be performed and such information as the HRC reasonably shall require to determine the responsiveness of the proposal.

The proposer must contact LBE subconsultants prior to listing them. LBEs must be certified with HRC on the proposal due date to receive LBE subconsulting credit. Listing an LBE that is not certified at the date and time the proposal is due will result in the loss of credit for that LBE subconsultant and may result in a non-responsive proposal.

Additionally, subconsultants may be listed by more than one proposer.

C. A subconsultant that has a certification application pending, that has been denied certification, that has had its certification revoked or that is in the process of appealing an HRC denial or revocation at the date and time the proposal is due is not an LBE and cannot be counted as an LBE for purposes of achieving LBE subconsultant participation goal even if the firm is later certified or ultimately prevails in its appeal.

D. HRC may require the successful proposer to submit performance reports on actual LBE participation at 30%, 50%, 70%, and 90% completion to the Contracting Awarding Authority and HRC.

E. Determination and calculation of LBE subconsultant participation:

1. The Small and/or Micro LBE subconsultant shall be listed to perform a specific task(s), which is described in the RFP or RFQ.
2. If the Small and/or Micro-LBE subconsultant forms a joint venture with a non-LBE subconsultant, the Small and/or Micro-LBE subconsultant joint venture partner will be credited only for its portion of the work, as follows:

Example:

If the total subcontract amount = \$ 1,000,000 of which \$510,000 is the Small and/or Micro-LBE JV subcontract amount and \$490,000 is the non-LBE subcontract amount, then \$510,000 is credited toward the LBE subconsultant participation goal.

3. All work done by lower-tier Small and/or Micro-LBE subconsultants will be credited toward meeting the goal.

Example:

If the total subcontract amount = \$1,000,000, of which \$200,000 is the lower-tier Small and/or Micro-LBE subconsultant's portion, then \$200,000 is credited toward the LBE subconsultant participation goal.

4. If a Proposer owns or controls more than one business that is HRC certified as an Small and/or Micro-LBE, the proposer will not receive credit if it lists its other firms to meet the LBE subconsultant participation goal when submitting as a prime. In determining ownership of a business, a business owned by proposer's spouse or domestic partner shall be deemed to be owned by the proposer.

5. It is the responsibility of the proposer to verify the subconsultant's LBE certification status.

6. A Small and/or Micro-LBE subconsultant must be certified in the type of work that the Proposer lists the firm for on HRC Form 2A.

7. The Small and/or Micro-LBE subconsultant must be utilized on the contract to perform a commercially useful function. No credit will be given for a LBE that serves as a pass-through.

8. A Small and/or Micro-LBE Prime proposer must meet the LBE subconsultant participation goal. A Small and/or Micro LBE Prime proposer may not count its participation towards meeting the LBE subconsultant participation goal.

9. A Small and/or Micro-LBE Prime proposer may count its participation towards meeting the good faith outreach exception set forth in 14B.8(B).

F. Substitution, removal, or contract modification of LBE:

No LBE subconsultant listed on Form 2A shall be substituted, removed from the contract or have its contract, purchase order or other form of agreement modified in any way without prior HRC approval. Additionally, no new subconsultants shall be added without prior HRC approval.

PART IV NON-DISCRIMINATION REQUIREMENTS

4.01 GENERAL

As a condition of contract award, Consultants and subconsultants shall comply with the nondiscrimination in employment provisions required by Chapter 12B of the Administrative Code.

4.02 NONDISCRIMINATION PROVISIONS

- A. Prior to the award of the contract, the consultant must agree that it does and will not, during the time of the contract or any contract amendment, discriminate in the provision of benefits between its employees with spouses and employees with domestic partners.
- B. The consultant and subconsultants on this contract will not discriminate against any employee or applicant for employment because of race, color, religion, ancestry, national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or AIDS/HIV status, weight, height, or association with members of classes protected under this chapter or in retaliation for opposition to any practices forbidden under this chapter. Discrimination on the basis of sex includes sexual harassment as defined in Section 16.9-25(b) of this Code. The Consultant, Contractor or Subconsultant/Subcontractor will take action to ensure that applicants are employed, and that employees are treated equally during employment, without regard to the fact or perception of their race, color, creed, religion, ancestry, national origin, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability, weight, height, or AIDS/HIV status. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and selection for training, including apprenticeship.

C. Non-Compliance with Chapter 12B Prior to Contract Award

The consultant and any subconsultants must be in compliance with the nondiscrimination provisions of Chapter 12B, on all existing City contracts prior to award of this contract.

Prior to the award of any City contract, the HRC has the authority to review the consultant's and subconsultant's prior performance to ensure compliance with the nondiscrimination provisions of Chapter 12B.

If the HRC determines that there is cause to believe that a consultant or subconsultant is not in compliance with the nondiscrimination provisions of Chapter 12B, the HRC shall notify the contract awarding authority and attempt to resolve the non-compliance through conciliation.

3. If the non-compliance cannot be resolved, the HRC shall submit to the consultant or subconsultant and the contract awarding authority a written Finding of Non-compliance.
4. The HRC shall give the consultant or subconsultant an opportunity to appeal the Finding.
3. The HRC may stay the award of any contract to a consultant where the consultant or any subconsultant is the subject of an investigation by written notice to the contract-awarding agency.

D. Complaints of Discrimination after Contract Award

1. A complaint of discrimination in employment initiated by any party after contract award shall be processed in accordance with the HRC Rules of Procedure, adopted pursuant to Chapter 12B of the San Francisco Administrative Code.
2. A finding of discrimination may result in imposition of appropriate sanctions, including:
 - a. There may be deducted from the amount payable to the consultant or subconsultant under this contract a penalty of \$50 for each person for each calendar day the person was discriminated against

in violation of the provisions of the contract.

b. The contract may be canceled, terminated or suspended in part by the contract awarding authority.

c. The consultant, subconsultant or vendor may be determined ineligible to perform work or supply products on any City contract for a period not to exceed two years.

FORM 2A: HRC CONTRACT PARTICIPATION FORM

Section 1: This form must be submitted with the proposal or the proposal may be deemed non-responsive and rejected. Prime Proposer, each Joint Venture Partner, Subconsultants, Vendors, and lower sub tiers must be listed on this form. Only HRC certified Small and/or Micro-LBEs can be used to meet the LBE subconsultant participation goal unless the RFP allows for SBA-LBE subconsultants to count towards the LBE participation goal. A Small and/or Micro- LBE Prime proposer/JV with LBE participation must meet the LBE subconsultant goal. A Small and/or Micro-LBE Prime proposer/JV with LBE participation may not count its participation towards meeting the LBE subconsultant participation goal. Be sure to check box for Rating Bonus. If more space is needed, attach additional copies of this form. This form is also completed and submitted for all contract modifications which exceed the original contract amount by more than 20%.

FORM 2B: “good faith Outreach” REQUIREMENTS FORM

This “Good Faith Outreach” form, along with the required supporting documentation must be completed and submitted per the instructions in this form EVEN IF the LBE subconsulting participation goal has been met (*Section 14B.8 of the San Francisco Administrative Code*). Proposers may obtain a list of certified LBEs from the HRC website: <http://mission.sfgov.org/hrc%5Fcertainment/>

SECTION A

Under Section 14B.8(B) of the Administrative Code, the good faith outreach exception states that if a proposer demonstrates total LBE participation that exceeds by 35% the established LBE subconsultant participation goal for the project, the proposer is not required to conduct good faith outreach efforts or to submit evidence of good faith outreach efforts. Note that a Small or Micro-LBE prime proposer may count its own Contract Work toward the 35% good faith outreach exception. Please see example in HRC Attachment 2, Section 1.02A.2.

Does your proposal demonstrate that you have exceeded the established LBE subconsultant participation goal by 35% or more in accordance with Section 14B.8(B)? YES* NO

If the answer is yes, please check "YES", above, and complete Section C (if applicable) and Section D of this Form. If the answer is no, please check "NO", above, and complete Sections B and D of this Form, and submit all required supporting documentation in accordance with the instructions in Section B.

* Note: An answer of "YES", above, is subject to verification by HRC. If the HRC determines that proposer did not exceed the LBE subconsultant participation goal by at least 35% and proposer either failed to undertake adequate good faith outreach efforts or failed to submit supporting documentation with its proposal as required by Section B, items 2 and 4, below, then proposer's proposal shall be declared non-responsive and **and ineligible for contract award.**

NOTE: “LBE” refers to Small and Micro-LBEs only, unless the RFP allows for SBA-LBE subconsultants to count towards the LBE participation goal.

SECTION B

All proposers that do not qualify for the good faith outreach exception set forth in Section 14B.8(B) of the Administrative Code must complete this Section B and submit supporting documentation as required.

A proposer must achieve at least 80 points, as determined by HRC, to be deemed compliant with the “good faith outreach” requirements. A proposer who fails to achieve at least 80 points will be declared non-responsive, and the proposal will be rejected. Please check yes or no for each item listed below.

<p>1. Did your firm attend the pre-proposal meeting scheduled by the City to inform all proposers of the LBE program requirements for this project? If the City does not hold a pre-proposal meeting, all proposers will receive 15 points.</p>	<p><input type="checkbox"/> Yes (15 Points)</p>	<p><input type="checkbox"/> No (0 Points)</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------	---------------------------------------------------

<p>2. Did your firm advertise, not less than 10 calendar days before the due date of the proposal, in one or more daily or weekly newspapers, trade association publications, LBE trade oriented publications, trade journals, or other media, such as: Small Business Exchange, or the Bid and Contracts Section of the Office of Contract Administration’s website (http://mission.sfgov.org/OCABidPublication/)? If so, <u>please enclose a copy of the advertisement.</u> <i>The advertisement must provide LBEs with adequate information about the project.</i> If the City gave public notice of the project less than 15 calendar days prior to the proposal due date, no advertisement is required, and all proposers will receive 10 points.</p>	<input type="checkbox"/> Yes (10 points)	<input type="checkbox"/> No (0 Points)																								
<p>3. Did your firm identify and select work types (as categorized in HRC’s LBE Directory) to meet the LBE subconsultant participation goal? If so, please identify the work types below:</p> <table border="1" data-bbox="82 831 1214 989"> <tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td><td> </td><td> </td><td> </td></tr> </table>																									<input type="checkbox"/> Yes (10 points)	<input type="checkbox"/> No (0 Points)
<p>4. Did your firm contact LBE firms (LBE firms include MBEs, WBEs and OBEs) for the identified work types (see #3 above), not less than 10 calendar days prior to the due date of the proposal? If so, <u>please include documentation (i.e. phone logs, emails, faxes, etc.) to verify that contacts were made.</u> The purpose of contacting LBE firms is to provide notice of interest in proposing for this project.</p> <p>A proposer who contacts those LBE firms certified in the identified work types, not less than 10 calendar days prior to due date of the proposal, will receive up to 45 points. If a proposer does not comply with paragraphs a. & b. below, one point will be deducted for each LBE firm within each identified work type that is not contacted.</p> <p>a. If there are less than 25 firms within an identified work type, a proposer should contact all of them.</p> <p>b. If there are 25 or more firms within an identified work type, a proposer should notify at least 25 firms within such identified work type.</p> <p>If a proposer does not contact any LBE firms, the proposer will receive no points. When contacting LBEs, you should provide adequate information about the project. If the City gave public notice of the project less than 15 calendar days prior to the proposal due date, the allocation of points above still applies, except that the proposer may contact those LBE firms certified in the identified work types less than 10 calendar days prior to the due date of the proposal.</p>	<input type="checkbox"/> Yes (Up to 45 points)	<input type="checkbox"/> No (0 Points)																								
<p>5. Did your firm follow-up and negotiate in good faith with interested LBEs? If so, <u>please include documentation (i.e. phone logs, emails, faxes, etc.) to verify that follow-up contacts were made.</u> If applicable, your follow-up contact with interested LBEs should provide information on the City’s bonding and financial assistance programs.</p>	<input type="checkbox"/> Yes (Up to 20 points)	<input type="checkbox"/> No (0 Points)																								

<p>For each interested LBE firm that the proposer does not follow-up with, a point will be deducted. A proposer who does not perform any follow-up contact with interested LBEs will receive no points. *”Interested LBE” shall mean an LBE firm that expresses interest in being a subconsultant to the proposer.</p>		
<p>6. A proposer shall submit the following documentation with this form: (1) Copies of all written proposals submitted, including those from non-LBEs; (2) If oral proposals were received, a list of all such proposals, including those from non-LBEs. The work type and dollar amounts for each such proposal must be specified; and (3) A full and complete statement of the reasons for selection of the subconsultants for each work type. If the reason is based on relative qualifications, the statement must address the particular qualification at issue.</p>		

SECTION C

If a Small or Micro-LBE prime proposer checks "YES" in Section A, above, and is relying on self-performed Contract Work to meet the 35% good faith efforts outreach exception, such Small or Micro-LBE prime proposer must indicate the total value of Contract Work that proposer will perform with its own forces in the space below:

 % of work

FORM 3: HRC NON-DISCRIMINATION AFFIDAVIT

1. I will ensure that my firm complies fully with the provisions of Chapter 14B of the San Francisco Administrative Code and its implementing Rules and Regulations and attest to the truth and accuracy of all information provided regarding such compliance.
2. Upon request, I will provide the HRC with copies of contracts, subcontract agreements, certified payroll records and other documents requested so the HRC may investigate claims of discrimination or non-compliance with either Chapter 12B or Chapter 14B.
3. I acknowledge and agree that any monetary penalty assessed against my firm by the Director of the Human Rights Commission shall be payable to the City and County of San Francisco upon demand. I further acknowledge and agree that any monetary penalty assessed may be withheld from any monies due to my firm on any contract with the City and County of San Francisco.
4. I declare and swear under penalty of perjury under the laws of the State of California that the foregoing statements are true and correct and accurately reflect my intentions.

Signature of Owner/Authorized Representative:	
Owner/Authorized Representative (Print)	
Name of Firm (Print)	
Title and Position	
Address, City, ZIP	
Federal Employer Identification Number (FEIN).	
Date:	

FORM 4: HRC joint VENTURE FORM

This form must be submitted ONLY if the proposer is requesting a Joint Venture partnership with an Small and/or Micro-LBE firm for the rating bonus. The Joint Venture partners must submit a joint venture agreement and management plan with the proposal. All work must be accounted for including subconsulting work.

SECTION 1: GENERAL INFORMATION

1. Name of Contract or

Project:: _____

2. Name of all JV partners: (Check LBE if applicable)		
	LB	<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>

5. Attach a copy of Joint Venture Agreement and Management plans.

4. The management plan must include the following information:

a. Describe in detail how decisions will be made for work distribution and compliance of Small and/or Micro-LBE Joint Venture participation.

b. Provide each Joint Venture partner’s specific duties and responsibilities (include organizational chart)

c. Identify the Location of Joint Venture Office.

d. Provide in detail how decision will be made for work distribution to Small and /or Micro-LBE subconsultants and/or vendors.

e. Submit copies of bank signature cards with authorized names, titles, and address/city of the bank (required after award of contract.)

5. Calculation of the Rating Bonus. See §2.02D of HRC Attachment 2 for an example.

If the joint venture partners are dividing the work according to a different formula than that described below, please contact HRC staff and describe the arrangement in detail prior to submittal of proposal. Joint venture partners are encouraged to meet with HRC regarding their joint venture prior to submitting their proposal.

The rating bonus is awarded based on the Small and/or Micro-LBE JV partner tasks calculated as a percentage of the total JV partner tasks.

Step 1. Calculate total JV partner tasks.Total Contract Tasks	=	100%
Percentage of Total Work to be Performed by Subconsultants	-	%
Percentage of JV partner tasks	=	%

Step 2. Calculate Small and/or Micro-LBE JV partner tasks:

	A	B	C
Description of JV partner Scopes of Work (Specific details of work)	JV Partners' Work as a % of the total project	% of Task by Non-LBE JV Partner	% of Task by Small and/or Micro-LBE JV Partner
	%	%	%
	%	%	%
	%	%	%
	%	%	%
	%	%	%
TOTAL JV %	%	%	%

Step 3. Calculate Small and/or Micro-LBE JV partner work as a percentage of the total JV partner work for the rating bonus.

Total Small and/or Micro-LBE JV Partner %		÷	Total JV %		=	%

Appendix C: Sample Agreement

**City and County of San Francisco
Municipal Transportation Agency
One South Van Ness Ave. 7th floor
San Francisco, California 94103**

**Agreement between the City and County of San Francisco and
[Contractor_Name]
for Vendor Managed Inventory (VMI) Services**

Contract No. SFMTA -2011/12-06

This Agreement is made this _____ day of _____, 2012, in the City and County of San Francisco, State of California, by and between: **[Contractor_Name]**, **[Contractor_Address]**, **[Contractor_CityStateZip]** (“Contractor”), and the City and County of San Francisco, a municipal corporation (“City”), acting by and through its Municipal Transportation Agency (“SFMTA”).

Recitals

- A. The SFMTA seeking a vendor to provide Vendor Managed Inventory (VMI) Services to manage and supply parts for its Rail Fleet maintenance program.
- B. A Request for Proposals (“RFP”) was issued on _____, and City selected Contractor as the highest ranked proposer.
- C. Contractor represents and warrants that it is qualified to perform the services required by City as described in this contract.
- D. Approval for this Agreement was obtained when the Civil Service Commission approved contract number **[insert PSC number]** on **[insert date of Civil Service Commission action]**.

Now, THEREFORE, the parties agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City’s Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City’s obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor’s assumption

of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

2. Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from [beginning date] to [termination date], with an option to extend for up to three additional years at the Director of Transportation's sole discretion.

3. Effective Date of Agreement. This Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing.

4. Services Contractor Agrees to Perform. The Contractor agrees to perform the services provided for in Appendix A, "Description of Services," attached hereto and incorporated by reference as though fully set forth herein.

5. Compensation. Compensation shall be made in monthly payments on or before the 30th day of each month for work, as set forth in Section 4 of this Agreement, that the SFMTA's Director of Transportation, in his sole discretion, concludes has been performed as of the 30th day of the immediately preceding month. In no event shall the amount of this Agreement exceed [whole dollar amount in numbers and words]. The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by SFMTA as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement.

In no event shall City be liable for interest or late charges for any late payments.

The Controller is not authorized to pay invoices submitted by Contractor prior to Contractor's submission of HRC Progress Payment Form. If Progress Payment Form is not submitted with Contractor's invoice, the Controller will notify the SFMTA, the Director of HRC and Contractor of the omission. If Contractor's failure to provide HRC Progress Payment Form is not explained to the Controller's satisfaction, the Controller will withhold 20% of the payment due pursuant to that invoice until HRC Progress Payment Form is provided. Following City's payment of an invoice, Contractor has ten days to file an affidavit using HRC Payment Affidavit verifying that all subcontractors have been paid and specifying the amount.

6. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for

which the contract is certified without certification of the additional amount by the Controller. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

7. Payment; Invoice Format. Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller, and must include a unique invoice number. All amounts paid by City to Contractor shall be subject to audit by City. Payment shall be made by City to Contractor at the address specified in the section entitled “Notices to the Parties.”

8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code, is available on the web at [http://www.amlegal.com/nxt/gateway.dll/California/administrative/administrativecode?f=templates\\$fn=default.htm\\$3.0\\$vid=amlegal:sanfrancisco_ca\\$sync=1](http://www.amlegal.com/nxt/gateway.dll/California/administrative/administrativecode?f=templates$fn=default.htm$3.0$vid=amlegal:sanfrancisco_ca$sync=1). A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

9. Left blank by agreement of the parties. (Disallowance)

10. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Agreement may create a “possessory interest” for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

(1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;

(2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

(3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

(4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.

12. Qualified Personnel. Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.

13. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

14. Independent Contractor; Payment of Taxes and Other Expenses

a. Independent Contractor. Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to

policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

b. Payment of Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor was not an employee.

15. Insurance.

a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(1) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(4) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. Regarding Workers' Compensation, Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section.

e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

h. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

i. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

j. If a subcontractor will be used to complete any portion of this agreement, the Contractor shall ensure that the subcontractor shall provide all necessary insurance and shall name the City and County of San Francisco, its officers, agents and employees and the Contractor listed as additional insureds.

16. Indemnification

a. General. To the fullest extent permitted by law, Contractor shall assume the defense of (with legal counsel subject to approval of the City), indemnify and save harmless the City, its boards, commissions, officers, and employees (collectively “Indemnitees”), from and against any and all claims, loss, cost, damage, injury (including, without limitation, injury to or death of an employee of the Contractor or its subconsultants), expense and liability of every kind, nature, and description (including, without limitation, incidental and consequential damages, court costs, attorneys’ fees, litigation expenses, fees of expert consultants or witnesses in litigation, and costs of investigation), that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the negligence, recklessness, or willful misconduct of the Contractor, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively, “Liabilities”).

b. Limitations. No insurance policy covering the Contractor’s performance under this Agreement shall operate to limit the Contractor’s Liabilities under this provision. Nor shall the amount of insurance coverage operate to limit the extent of such Liabilities. The Contractor assumes no liability whatsoever for the sole negligence, active negligence, or willful misconduct of any Indemnitee or the contractors of any Indemnitee.

c. Copyright infringement. Contractor shall also indemnify, defend and hold harmless all Indemnitees from all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles or services to be supplied in the performance of Contractor’s services under this Agreement. Infringement of patent rights, copyrights, or other proprietary rights in the performance of this Agreement, if not the basis for indemnification under the law, shall nevertheless be considered a material breach of contract.

17. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor’s acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

18. Liability of City. CITY’S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 5 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

19. Liquidated Damages. By entering into this Agreement, Contractor agrees that in the event the Services, as provided under Section 4 herein, are delayed beyond the scheduled milestones and timelines as provided in Appendix A, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of **One Thousand Dollars (\$1,000)** per day for each day of delay beyond scheduled milestones and

timelines is not a penalty, but is a reasonable estimate of the loss that City will incur based on the delay, established in light of the circumstances existing at the time this contract was awarded. City may deduct a sum representing the liquidated damages from any money due to Contractor. Such deductions shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to deliver to City within the time fixed or such extensions of time permitted in writing by Purchasing.

20. Default; Remedies. Each of the following shall constitute an event of default ("Event of Default") under this Agreement:

(1) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

8.	Submitting false claims
10.	Taxes
15.	Insurance
24.	Proprietary or Confidential Information of City
30.	Assignment
37.	Drug-Free Workplace Policy
53.	Compliance with Laws
57.	Protection of Private Information

(2) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, and such default continues for a period of ten days after written notice thereof from City to Contractor.

(3) Contractor (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction, (c) makes an assignment for the benefit of its creditors, (d) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any substantial part of Contractor's property or (e) takes action for the purpose of any of the foregoing.

(4) A court or government authority enters an order (a) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor or with respect to any substantial part of Contractor's property, (b) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (c) ordering the dissolution, winding-up or liquidation of Contractor.

On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by

law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such Event of Default and any liquidated damages due from Contractor pursuant to the terms of this Agreement or any other agreement. All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

21. Termination for Convenience

a. City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

b. Upon receipt of the notice, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

- (1) Halting the performance of all services and other work under this Agreement on the date(s) and in the manner specified by City.
- (2) Not placing any further orders or subcontracts for materials, services, equipment or other items.
- (3) Terminating all existing orders and subcontracts.
- (4) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
- (5) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.
- (6) Completing performance of any services or work that City designates to be completed prior to the date of termination specified by City.
- (7) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

c. Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

- (1) The reasonable cost to Contractor, without profit, for all services and other

work City directed Contractor to perform prior to the specified termination date, for which services or work City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for services or other work. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(2) A reasonable allowance for profit on the cost of the services and other work described in the immediately preceding subsection (1), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all services and other work under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(3) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(4) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the services or other work.

d. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in the immediately preceding subsection (c). Such non-recoverable costs include, but are not limited to, anticipated profits on this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under such subsection (c).

e. In arriving at the amount due to Contractor under this Section, City may deduct: (1) all payments previously made by City for work or other services covered by Contractor's final invoice; (2) any claim which City may have against Contractor in connection with this Agreement; (3) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection (d); and (4) in instances in which, in the opinion of the City, the cost of any service or other work performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected services or other work, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced services or other work in compliance with the requirements of this Agreement.

f. City's payment obligation under this Section shall survive termination of this Agreement.

22. Rights and Duties upon Termination or Expiration. This Section and the following Sections of this Agreement shall survive termination or expiration of this Agreement:

8.	Submitting False Claims
9.	Disallowance
10.	Taxes

11	Payment Does Not Imply Acceptance of Work
13	Responsibility for Equipment
14.	Independent Contractor; Payment of Taxes and Other Expenses
15.	Insurance
16.	Indemnification
17.	Incidental and Consequential Damages
18.	Liability of City
26.	Ownership of Results
27.	Works for Hire
28.	Audit and Inspection of Records
48..	Modification of Agreement
49	Administrative Remedy for Agreement Interpretation
50.	Agreement Made in California
51	Venue Construction
52.	Entire Agreement
56.	Severability
57.	Protection of Private Information

Subject to the immediately preceding sentence, upon termination of this Agreement prior to expiration of the term specified in Section 2, this Agreement shall terminate and be of no further force or effect. Contractor shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City. This subsection shall survive termination of this Agreement.

23. Conflict of Interest. Through its execution of this Agreement, Contractor acknowledges that it is familiar with the provision of Section 15.103 of the City’s Charter, Article III, Chapter 2 of City’s Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California, and certifies that it does not know of any facts which constitutes a violation of said provisions and agrees that it will immediately notify the City if it becomes aware of any such fact during the term of this Agreement.

24. Proprietary or Confidential Information of City. Contractor understands and agrees that, in the performance of the work or services under this Agreement or in contemplation thereof, Contractor may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Contractor agrees that all information disclosed by City to Contractor shall be held in confidence and used only in performance of the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary

data.

25. Notices to the Parties. Unless otherwise indicated elsewhere in this Agreement, all written communications sent by the parties may be by U.S. mail, or by e-mail, and shall be addressed as follows:

To City: [SFMTA Project Contact Title]
[SFMTA Subdivision]
[SFMTA Division]
San Francisco Municipal Transportation Agency
[SFMTA Street Address]
San Francisco, CA [Zip Code]
Fax: [insert fax #]

To Contractor: [Contractor_Contact]
[Contractor_ContactTitle]
[Contractor_Address]
[Contractor_CityStateZip]
Fax: [Contractor_Fax]
E-mail: [Contractor_E-mail]

Any notice of default must be sent by registered mail.

26. Ownership of Results. Any interest of Contractor or its Subcontractors, in drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Contractor or its subcontractors in connection with services to be performed under this Agreement, shall become the property of and will be transmitted to City. However, Contractor may retain and use copies for reference and as documentation of its experience and capabilities.

27. Works for Hire. If, in connection with services performed under this Agreement, Contractor or its subcontractors create artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Contractor or its subcontractors under this Agreement are not works for hire under U.S. law, Contractor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Contractor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

28. Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data

and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any federal agency having an interest in the subject matter of this Agreement shall have the same rights conferred upon City by this Section.

29. Subcontracting. Contractor is prohibited from subcontracting this Agreement or any part of it unless such subcontracting is first approved by City in writing. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null and void.

30. Assignment. The services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by the Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement.

31. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

32. Reserved

33. Local Business Enterprise Utilization; Liquidated Damages

a. The LBE Ordinance. Contractor, shall comply with all the requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the “LBE Ordinance”), provided such amendments do not materially increase Contractor’s obligations or liabilities, or materially diminish Contractor’s rights, under this Agreement. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor’s willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor’s obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. In addition, Contractor shall comply fully with all other applicable local, state and federal laws prohibiting discrimination and requiring equal opportunity in contracting, including subcontracting.

b. Compliance and Enforcement

(1) Enforcement. If Contractor willfully fails to comply with any of the provisions of the LBE Ordinance, the rules and regulations implementing the LBE Ordinance, or the provisions of this Agreement pertaining to LBE participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor’s net profit on this Agreement, or 10% of the total amount of this Agreement, or \$1,000, whichever is greatest. The Director of the City’s

Human Rights Commission or any other public official authorized to enforce the LBE Ordinance (separately and collectively, the “Director of HRC”) may also impose other sanctions against Contractor authorized in the LBE Ordinance, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor’s LBE certification. The Director of HRC will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to Administrative Code §14B.17.

By entering into this Agreement, Contractor acknowledges and agrees that any liquidated damages assessed by the Director of the HRC shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City.

Contractor agrees to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination or expiration of this Agreement, and shall make such records available for audit and inspection by the Director of HRC or the Controller upon request.

(2) Subcontracting Goals. The LBE subcontracting participation goal for this contract is **17%**. Contractor shall fulfill the subcontracting commitment made in its bid or proposal. Each invoice submitted to City for payment shall include the information required in the HRC Progress Payment Form and the HRC Payment Affidavit. Failure to provide the HRC Progress Payment Form and the HRC Payment Affidavit with each invoice submitted by Contractor shall entitle City to withhold 20% of the amount of that invoice until the HRC Payment Form and the HRC Subcontractor Payment Affidavit are provided by Contractor. Contractor shall not participate in any back contracting to the Contractor or lower-tier subcontractors, as defined in the LBE Ordinance, for any purpose inconsistent with the provisions of the LBE Ordinance, its implementing rules and regulations, or this Section.

(3) Subcontract Language Requirements. Contractor shall incorporate the LBE Ordinance into each subcontract made in the fulfillment of Contractor’s obligations under this Agreement and require each subcontractor to agree and comply with provisions of the ordinance applicable to subcontractors. Contractor shall include in all subcontracts with LBEs made in fulfillment of Contractor’s obligations under this Agreement, a provision requiring Contractor to compensate any LBE subcontractor for damages for breach of contract or liquidated damages equal to 5% of the subcontract amount, whichever is greater, if Contractor does not fulfill its commitment to use the LBE subcontractor as specified in the bid or proposal, unless Contractor received advance approval from the Director of HRC and contract awarding authority to substitute subcontractors or to otherwise modify the commitments in the bid or proposal. Such provisions shall also state that it is enforceable in a court of competent jurisdiction. Subcontracts shall require the subcontractor to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination of this contract and to make such records available for audit and inspection by the Director of HRC or the Controller upon request.

(4) Payment of Subcontractors. Contractor shall pay its subcontractors within three working days after receiving payment from the City unless Contractor notifies the Director of HRC in writing within ten working days prior to receiving

payment from the City that there is a bona fide dispute between Contractor and its subcontractor and the Director waives the three-day payment requirement, in which case Contractor may withhold the disputed amount but shall pay the undisputed amount. Contractor further agrees, within ten working days following receipt of payment from the City, to file the HRC Payment Affidavit with the Controller, under penalty of perjury, that the Contractor has paid all subcontractors. The affidavit shall provide the names and addresses of all subcontractors and the amount paid to each. Failure to provide such affidavit may subject Contractor to enforcement procedure under Administrative Code §14B.17.

34. Nondiscrimination; Penalties

a. Contractor Shall Not Discriminate. In the performance of this Agreement, Contractor agrees not to discriminate against any employee, City and County employee working with such contractor or subcontractor, applicant for employment with such contractor or subcontractor, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes.

b. Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

c. Nondiscrimination in Benefits. Contractor does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in §12B.2(b) of the San Francisco Administrative Code.

d. Condition to Contract. As a condition to this Agreement, Contractor shall execute the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (form HRC-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Human Rights Commission.

e. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this

Agreement under such Chapters, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Contractor and/or deducted from any payments due Contractor.

35. MacBride Principles—Northern Ireland. Pursuant to San Francisco Administrative Code §12F.5, the City and County of San Francisco urges companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. The City and County of San Francisco urges San Francisco companies to do business with corporations that abide by the MacBride Principles. By signing below, the person executing this agreement on behalf of Contractor acknowledges and agrees that he or she has read and understood this section.

36. Tropical Hardwood and Virgin Redwood Ban. Pursuant to §804(b) of the San Francisco Environment Code, the City and County of San Francisco urges contractors not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.

37. Drug-Free Workplace Policy. Contractor acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1989, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on City premises. Contractor agrees that any violation of this prohibition by Contractor, its employees, agents or assigns will be deemed a material breach of this Agreement.

38. Resource Conservation. Chapter 5 of the San Francisco Environment Code (“Resource Conservation”) is incorporated herein by reference. Failure by Contractor to comply with any of the applicable requirements of Chapter 5 will be deemed a material breach of contract.

39. Compliance with Americans with Disabilities Act. Contractor acknowledges that, pursuant to the Americans with Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Contractor shall provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Contractor, its employees, agents or assigns will constitute a material breach of this Agreement.

40. Sunshine Ordinance. In accordance with San Francisco Administrative Code §67.24(e), contracts, contractors’ bids, responses to solicitations and all other records of communications between City and persons or firms seeking contracts, shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person or organization’s net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

41. Public Access to Meetings and Records. If the Contractor receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the San Francisco Administrative Code, Contractor shall comply with and be bound by all the applicable provisions of that Chapter. By executing this Agreement, the Contractor agrees to open its meetings and records to the public in the manner set forth in §§12L.4 and 12L.5 of the Administrative Code. Contractor further agrees to make-good faith efforts to promote community membership on its Board of Directors in the manner set forth in §12L.6 of the Administrative Code. The Contractor acknowledges that its material failure to comply with any of the provisions of this paragraph shall constitute a material breach of this Agreement. The Contractor further acknowledges that such material breach of the Agreement shall be grounds for the City to terminate and/or not renew the Agreement, partially or in its entirety.

42. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126.

43. Requiring Minimum Compensation for Covered Employees

Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Sections 12P.5 and 12P.5.1 of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.

The MCO requires Contractor to pay Contractor's employees a minimum hourly gross

compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. It is Contractor's obligation to ensure that any subcontractors of any tier under this Agreement comply with the requirements of the MCO. If any subcontractor under this Agreement fails to comply, City may pursue any of the remedies set forth in this Section against Contractor.

Contractor shall not take adverse action or otherwise discriminate against an employee or other person for the exercise or attempted exercise of rights under the MCO. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.

Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.

The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor.

Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.

Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.

Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.

If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under

this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.

44. Requiring Health Benefits for Covered Employees

Contractor agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of section 12Q.5.1 of Chapter 12Q are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the HCAO is available on the web at www.sfgov.org/olse. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

- a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission.
- b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.
- c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.
- d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City's Office of Contract Administration when it enters into such a Subcontract and shall certify to the Office of Contract Administration that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.
- e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

- f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.
- g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.
- h. Contractor shall keep itself informed of the current requirements of the HCAO.
- i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.
- j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.
- k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.
- l. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.
- m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

45. First Source Hiring Program

a. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

b. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

(1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will

constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

(2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

(3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

(4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.

(5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

(6) Set the term of the requirements.

(7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

(8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

(9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

c. Hiring Decisions. Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

d. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

e. Liquidated Damages. Contractor agrees:

(1) To be liable to the City for liquidated damages as provided in this section;

(2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;

(3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantify; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.

(4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

(5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

A. The average length of stay on public assistance in San Francisco's

County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and

B. In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year;

therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

(6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

f. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

46. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, “Political Activity”) in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City’s Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor’s use of profit as a violation of this section.

47. Preservative-treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term “preservative-treated wood containing arsenic” shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not

limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

48. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement. Contractor shall cooperate with the SFMTA to submit to the SFMTA Contract Compliance Office any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (HRC Contract Modification Form).

49. Administrative Remedy for Agreement Interpretation. Should any question arise as to the meaning and intent of this Agreement, the question shall, prior to any other action or resort to any other legal remedy, be referred to Purchasing who shall decide the true meaning and intent of the Agreement.

50. Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

51. Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

52. Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This contract may be modified only as provided in Section 48, "Modification of Agreement."

53. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

54. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

55. Left blank by agreement of the parties. (Supervision of minors)

56. Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or

impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

57. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, “Nondisclosure of Private Information,” and 12M.3, “Enforcement” of Administrative Code Chapter 12M, “Protection of Private Information,” which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

58. Reserved.

59. Reserved.

60. Left blank by agreement of the parties. (Slavery era disclosure)

61. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day first mentioned above.

Appendix A
Services to be provided by Contractor

The vendor will provide SFMTA parts on a cost-effective and efficient basis, provide inventory planning and automated replenishment of spare parts with strict performance guidelines requiring defined response times and fill rates to ensure that SFMTA will meet its objectives in terms of reliability of its rail fleet (i.e., increasing mean distance between failures, reducing service interruptions).
