Street Closure Data Guide

June 25, 2014

Table of Contents

1   Introduction

This dataset inventories street closure events in San Francisco. It is maintained and employed by the SFMTA's Interdepartmental Staff Committee on Traffic and Transportation for Temporary Street Closures.

1.1   Timeline

The data includes events from 2010 through 2017

1.2   Availability of Data

The dataset is available as an Excel workbook. A data dictionary defining key elements of the data is listed in section 2.2 of this document. For all data requests and related inquiries, please contact info@sfpark.org and put "SFpark evaluation data request" in the subject line.

The file name, format and size are as follows:

- ○   File name: SFpark_ StreetClosureData_101513.xlsx
- ○   File format: 2010 MS Office Excel workbook
- ○   File size: 121 KB

2   Overview

This dataset is compiled by SFMTA staff, who input new events as information becomes available to the agency. The specificity of the description, time, and location fields vary from record to record. Some records describe the event as it was planned months in advance while others indicate specific times of day and streets affected.

2.1   Data Dictionary

Field Name	Description	Example
Event Name	Description of the event	Giants' VS St. Louis
StartDate	Date the event began	11/16/2010
