### **San Francisco Marathon**

**Sunday, July 28:** The annual San Francisco Marathon will begin from The Embarcadero and Mission Street at 5:30 a.m., with staggered starts from 5:30 a.m. until 6:30 a.m. The race route will loop north along The Embarcadero, through Fisherman's Wharf and the Marina into the Presidio, and south through the outer Richmond District on 25<sup>th</sup> Avenue. The race will continue through Golden Gate Park, and then through the Haight, crossing Market Street at Guerrero, and then to continue through the Mission District primarily on 16<sup>th</sup> Street into Mission Bay. The route will go under I-280 at Mariposa Street, then South on Indiana to 22<sup>nd</sup> Street, back along 3<sup>rd</sup> Street to Terry Francois and then back to The Embarcadero. An attendance of up to 20,000 runners is expected.

For more event details, please visit <https://www.thesfmarathon.com/>.

### San Francisco Marathon *continued*

This will be a large citywide running event. Traffic in the area will be affected as soon as the race begins. The following are travel options to cross the marathon route:

- Ocean Avenue from Mission Street and Persia Avenue

The following Muni route will be affected: **49 Van Ness/Mission**

## **CONSTRUCTION WORK AND OTHER UPDATES**

### **UPDATE: Muni Track Work at Judah Street & 17th Avenue**

**Since Monday, July 8** and continuing for another week, N Judah track maintenance work is taking place at Judah Street and 18<sup>th</sup> Avenue. During construction, the N Judah rail service is operating without interruption. While Judah Street remains open, vehicular traffic along 18<sup>th</sup> Avenue will only be able to make right turns temporarily until work is completed.

Work hours are from 9 a.m. to 3:30 p.m., Monday through Saturday. During construction:

- While measures are being taken to minimize inconvenience, neighbors can expect some noise during demolition.
- To accommodate the construction, four parking spaces, two on each side of Judah Street east of the intersection, has been used as staging areas. They are unavailable for parking 24 hours a day for the duration. Additionally two or three parking spaces on the remaining sides of the street are unavailable during construction hours.
- Crosswalks and sidewalks may be occasionally closed.
- Due to lane closures, slow traffic is expected. All travelers, especially drivers, are encouraged to leave extra time and move carefully through the area.

### **UPDATE: Van Ness Improvement Project**

**On Friday, July 23, between the hours of 8 p.m. and 7 a.m.**, crews are scheduled to conduct water main replacement, sewer and street light conduit work at the following locations:

- Van Ness at Filbert Street
- Van Ness at Mission Street (*intensive noise and vibration expected*)

**On Saturday, July 27**, during the day, crews are scheduled to move construction fencing at the following locations:

- Van Ness at Greenwich Street
- Van Ness at Filbert Street
- Van Ness at Union Street
- Van Ness at Green Street
- Van Ness at Vallejo Street
- Van Ness at Broadway Street
- Van Ness at Pacific Avenue
- Van Ness at Jackson Street

Because some work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours. Construction scheduling is subject to change due to

weather delays or unexpected field conditions. For more project details and the latest construction updates, visit [sfmta.com/vanness](https://sfmta.com/vanness).

**UPDATE: Third Street Bridge Rehabilitation Project**

Nighttime construction work is taking place between the hours of 8 p.m. and 7 a.m. This construction work is anticipated to continue nightly, Monday through Saturday, **through 7 a.m., Friday October 4.**

**Since Sunday, July 7, crews have begun phase two of the rehabilitation work.** Phase two construction work involves travel lane shifts and other adjustments to the roadway and work area. Vehicle and bicycle access via travel lanes across the bridge continue to be available in each direction, northbound and southbound (**except during periods of full temporary bridge closures when the pending scope of work restricts access across the bridge for all vehicle, bicycle and pedestrian traffic**). Pedestrian access is available via the sidewalk along the eastern side of the bridge. Bicycles may also choose to walk their bicycle along the pedestrian sidewalk as an alternative to riding across the bridge via the travel lane. Pedestrian access via the sidewalk along the western side of the bridge may be unavailable during different phases of upcoming work.

To facilitate ongoing rehabilitation activity, **temporary full closure of the bridge** will be implemented. During closure, all vehicle, bicycle and pedestrian traffic will be restricted. **From 8 p.m., Wednesday, July 24 to the afternoon of Monday, August 5,** temporary full bridge closures will be in effect. The next full bridge closure is scheduled for Thursday, August 15 until Friday, August 23, 2019.

4<sup>th</sup> Street Bridge is open and access across the bridge is generally available throughout the Third Street Bridge closure. Please note that during peak commute hours (Monday through Friday, 7 to 10 a.m. and 3 to 7 p.m.), and at the discretion of parking control officers and SFPD, access may be temporarily restricted to clear congested traffic through the area and to allow trains through. Vehicles will be redirected to alternative detour routes.

Construction scheduling is subject to change due to rain or other weather delays, equipment breakdown, and/or unforeseen field conditions. Additional periods of short closures may be possible in September and October 2019, if necessary, to complete remaining rehabilitation work. Information will be shared closer to that period should additional closures seem necessary and details are finalized. Updates will be posted to the project webpage.

### UPDATE: Third Street Bridge Rehabilitation Project *continued*

For details about the project, the latest construction updates and suggested detour routes for pedestrians, bicyclists and vehicles, visit: [www.sfpbpublicworks.org/thirdstreetbridge](http://www.sfpbpublicworks.org/thirdstreetbridge).

### **Central Subway Project**

Pavement renovation work for the intersection at 4th and King Streets is planned to begin Thursday, July 25 through Wednesday, July 31 and again on Saturday, August 3. Crews plan to restore the concrete roadway base in sections to minimize disruptions. While there may be some pedestrian and vehicular detours at that intersection through the course of work, there are not anticipated impacts to Muni service.

Work is planned from 7am to 7pm each day and some areas may remain blocked off overnight while the concrete sets.

### **ONGOING: UCSF Mission Bay Arena Platform Project**

To facilitate additional work in association with the construction of the new platform, an additional **T Third bus substitution will be in place beginning Saturday, July 27 and will last approximately ten days.**

**Buses will provide T Third service between Embarcadero and Sunnydale beginning Saturday, July 27 and will continue for approximately ten days** in order to accommodate the next phase of construction.

During construction, service on the E Embarcadero will be temporarily suspended. Alternative routes include F Market & Wharves, KT Ingleside/Third and N Judah.

In anticipation of the new Golden State Warriors' arena, the SFMTA is constructing a new 320-foot center platform along 3<sup>rd</sup> Street between South and 16<sup>th</sup> streets. The existing platform has been demolished. The new track alignment will include one single and one double crossover to facilitate the movement of vehicles as operations requires. Other associated work includes modification of the overhead contact system, and both above and below ground utility relocation work. Construction will require different phases of work that will necessitate separate transit service plans.

For the latest information, visit [www.SFMTA.com/MissionBayPlatform](http://www.SFMTA.com/MissionBayPlatform).

### **ONGOING: Construction of Mission Bay Loop**

The SFMTA has resumed construction on 18<sup>th</sup>, 19<sup>th</sup> and Illinois streets, the project is expected to be completed in summer 2019. Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic. In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18<sup>th</sup> to 19<sup>th</sup> and Illinois streets for the duration of the project.

A partial street closure is currently in effect in order to accommodate duct bank work on Illinois Street between 18<sup>th</sup> and 19<sup>th</sup> streets through summer of 2019. Outer traffic lanes traveling both north and south on Illinois Street will remain open for through traffic. Immediately following the duct bank work, the track work will begin.

Local access to properties along the project site will be maintained. For project details or to sign up to receive project updates, visit: <https://www.sfmta.com/missionbayloop>.

### **Upcoming Construction Project**

#### **L Taraval Improvement Project**

The L Taraval Improvement Project will start construction in summer of 2019 to realize permanent and comprehensive safety components, along with repair and rehabilitation of aging sewer and water lines, worn rails, overhead wires, and roadways. For more information, visit [sfmta.com/projects/LTaravalProject](http://sfmta.com/projects/LTaravalProject).

The project will be in two phases/segments:

- Phase One of the project will focus on the streets from SF Zoo to Sunset Blvd (Segment A)
- Phase Two of the project will continue from Sunset Blvd to West Portal (Segment B)
- Planned for Spring 2020, train services will be temporarily substituted with bus shuttles during construction
- The duration of the project is approximately 3 years

#### **Options for Buying Muni Tickets for This Event**

##### ***Muni Ticket Sales - In Person***

Muni customers may purchase their fare in advance, on-board vehicles and at any Muni ticket vending machine.

##### ***Use of Clipper Card***

Concert goers are encouraged to use Clipper<sup>®</sup> Card to get to Golden Gate Park. Customers using Bay Area public transportation systems are strongly encouraged to purchase their fares in advance or use Clipper<sup>®</sup> Card to attend the event. Customers using a Clipper Card receive 50 cents off an adult single ride when transferring to Muni from BART, Golden Gate Ferry and Transit, and San Francisco Bay Ferry routes (Oakland-Alameda, Harbor Bay and Vallejo). Golden Gate Ferry and Transit and San Francisco Bay Ferry provide the same discount on return trips.

To learn more about transfer discounts, please visit [transfer discounts](#).

### Outside Lands *continued*

For more information on using Clipper on Muni, please visit [clippercard.com/muni](http://clippercard.com/muni).

#### ***Purchase Muni Fare using MuniMobile***

Concert goers may use [MuniMobile](#), an official SFMTA app, to save time by instantly buying tickets for Muni bus, rail, cable car, and paratransit services on their iPhone and Android devices. Tickets can be purchased through a credit/debit card or PayPal account for individual or multiple riders on one smartphone. Customers can buy tickets ahead of time and activate when they are ready to ride - with MuniMobile, your phone is your fare.

#### ***Purchase Single Ride Muni Fare Electronically***

Muni customers who purchase fares in advance using a Clipper® Card or use the official SFMTA app, [MuniMobile](#), can save 25 cents per trip. A single ride fare on Muni is good for 90 minutes of travel, whether it be on a single route or a trip with multiple transfers across buses and light rail.

For more details visit <https://www.sfoutsidelands.com/travel-and-accommodations/>.

#### ***Outside Lands Shuttle Service***

The private Outside Lands shuttle service will run between 11 a.m. and midnight each day from the Bill Graham Civic Auditorium to the event venue.
